PUERTO RICO ENERGY COMMISSION

IN RE: PUERTO RICO ELECTRIC POWER
AUTHORITY RATE REVIEW

CASE NO.: CEPR-AP-2015-0001

SUBJECT: Request for Extension of Time to
file testimony presented by ICSE-PR

RESOLUTION AND ORDER

On September 29, 2016, the *Instituto de Competitividad y Sostenibilidad Económica de Puerto Rico* ("ICSE-PR" for its Spanish acronym) filed a motion requesting the Puerto Rico Energy Commission ("Commission") to extend the period of time for intervenors to file their written testimony in the present case. According to the procedural calendar issued by the Commission, the term for intervenors to file their written testimonies ends on October 14, 2016.¹ ICSE-PR's request is based on the Commission's September 27, 2016 Order, in which it ordered the Puerto Rico Electric Power Authority ("PREPA") to, on or before October 11, 2016, supplement or update their Petition for Rates Review ("Petition") according to the Commission's final determination in the Integrated Resource Plan Proceeding issued on September 26, 2016.²

ICSE-PR argues that given the short period of time, between PREPA's deadline to file its reviewed Petition and the intervenors' deadline to file their written testimonies, the Commission should grant intervenors with additional time for them to review the supplemental or updated information filed by PREPA and prepare their corresponding testimonies.

Also, ICSE-PR request the Commission that, through its Clerk, issues a certified updated list with the changes to the Exhibits and Schedules, which have been updated from their initial presentation, because of the multiple changes made by PREPA in order to comply with the Commission's orders. ICSE-PR also argues that this will facilitate the access and understanding of the intervenors with regards to the actual status of the information.

After reviewing ICSE-PR's petition, through this Resolution and Order the Commission **GRANTS** ICSE-PR's request. Consequently, the Commission modifies the dates related to the following stages of the Procedural Calendar:

Intervenor's Testimony– The intervenors will have until **October 19, 2016** to pre-file their written testimony.

¹ August 15, 2016 Resolution, as amended by the August 16, 2016 Correction.

² Final Resolution and Order from September 26, 2016 in the case *In re: First Integrated Resource Plan from the Puerto Rico Electric Power Authority*, CEPR-AP-2015-0002.

Discovery with regards to the testimony– The period for the intervenor pre-filed written testimony discovery will begin on **October 20, 2016** and will end on **October 25, 2016**.

Response to Discovery– The intervenors shall file their responses to any request for information on or before **November 7, 2016**.

Rebuttal Testimony– The parties will have until **November 14, 2016** to file their written testimony in response to any testimony filed by any intervenor.

The remainder of the dispositions of the August 15, 2016 Resolution, setting forth the Procedural Calendar and the rest of the dates set forth in such Resolution that are not in conflict this Resolution and Order, will remain in effect and unaltered.

Also, the Commission **ORDERS** PREPA to file a table identifying every document filed with the Petition, every document that has been updated or supplemented during the current proceeding and the filing dates from both, the original documents and their revisions. PREPA shall notify such table to the Commission and all the parties **no later than October 5, 2016**. PREPA shall file an updated version of such table in the same date in which it presents the updated testimonies and documents, in compliance with the September 27, 2016 Commission's Order.

For the benefit of all parties involved, the Commission issues this Resolution in both English and Spanish language. Should any discrepancy between each language arise, the Spanish language shall prevail.

Be it notified and published.
