

COMMONWEALTH OF PUERTO RICO
PUERTO RICO ENERGY COMMISSION

IN RE: INTEGRATED RESOURCE PLAN FOR
THE PUERTO RICO ELECTRIC POWER
AUTHORITY

NO.: CEPR-AP-2015-0002

SUBJECT: PREPA's motion for extension of
time.

RESOLUTION

On September 26, 2016, the Puerto Rico Energy Commission ("Commission") issued its Final Resolution and Order on the First Integrated Resource Plan of the Puerto Rico Electric Power Authority ("Final Resolution"). Through said Final Resolution, the Commission disapproved the Integrated Resource Plan ("IRP") presented by the Puerto Rico Electric Power Authority ("PREPA"), and approved a Modified IRP. The approved Modified IRP requires PREPA to, among other things, submit to the Commission certain reports related to the Modified IRP.¹ Among these reports, PREPA had to submit to the Commission the Modified IRP no later than thirty (30) days from the Modified IRP's effective date.²

On October 13, 2016, PREPA filed before this Commission a motion for reconsideration with respect to the Final Resolution ("Motion for Reconsideration"), which was circumscribed to some specific aspects of said Final Resolution. On October 19, 2016, PREPA filed before the Commission another motion titled *PREPA's Verified Motion to Continue the Deadline to File a Modified IRP*. In that motion, PREPA requests an extension of time to submit the Modified IRP at least thirty-five (35) days, counted from the date in which the Commission issues a Resolution with respect to the Motion for Reconsideration.³ Through Resolution of October 21, 2016, the Commission determined to accept PREPA's Motion for Reconsideration and adjudicate it on its merits.⁴

Given the possibility that some aspects of the Modified IRP may be amended by the Commission, PREPA is exempted from submitting the Modified IRP within the timeframe specified in the Final Resolution. The Commission will establish the deadline for PREPA to submit the Modified IRP when the Commission issues the Resolution with respect to the Motion for Reconsideration. Nonetheless, it is important to point out that the determination to accept the Motion for Reconsideration does not change the fact that there is an existing IRP approved by the Commission through the Final Resolution. Consequently, PREPA must meet all other dispositions of the Modified IRP, as approved in the Final Resolution, which are consistent with this Resolution and that are not in conflict with the arguments in PREPA's Motion for Reconsideration.

¹ Final Resolution, at 105-09.

² *Id.*, at 106 ¶ 306 (The term to submit the Modified IRP expired on October 23, 2016.).

³ *PREPA's Verified Motion to Continue the Deadline to File a Modified IRP*, at 1, 5.

⁴ See Resolution, *PREPA's Motion to Reconsider the Final Resolution and Order on the First Integrated Resource Plan of the Puerto Rico Electric Power Authority*, CEPR-AP-2015-0002, October 21, 2016.

For the benefit of all the parties involved, the Commission issues this Resolution in English and Spanish. Should any discrepancy between each version arise, the Spanish version shall prevail.

Be it notified and published.
