PREPA'S NOTICE OF FILING AND UPDATE TO STATUS REPORT

The Puerto Rico Electric Power Authority ("PREPA") respectfully advises the honorable Puerto Rico Energy Commission (the "Commission") as follows with respect to filing and the status of the sole other remaining item.

1. PREPA today is filing and serving its Direct Testimony of Gregory Rivera-Chico. The testimony consists of Mr. Rivera's narrative testimony (PREPA Ex. 1.0) plus four attachments: his curriculum vitae (PREPA Ex. 1.01), the Report filed on April 24, 2017 (PREPA Ex. 1.02) (split into Parts 1 and 2), the 12 Excel spreadsheets filed on April 21, 2017 (PREPA Ex. 1.03)¹, and the separate required fuel plans document (PREPA Ex. 1.04). See accompanying disc.

2. PREPA continues to work on the sole other remaining item required by the Commission's February 10, 2017, initiating order, as amended and clarified, which consists on the legal authorizations needed to provide the LNG / CNG market research. (*See* item II(1)(d) of the February 10th order, which later was amended and clarified.) PREPA will provide another update on this item when it responds to Commission's Staff's requirement of information CEPR-PREPA-02-01 on this subject on or before May 3, 2017.

¹ Please note that the .pdf version of PREPA Ex. 1.03 is a one page cover and reference page that incorporates the 12 Excel working spreadsheets that PREPA filed on April 21, 2017, and that PREPA is filing again today on a disc.

WHEREFORE, the Puerto Rico Electric Power Authority respectfully requests that the Puerto Rico Energy Commission accept this Notice of Filing and Update to Status Report, subject to PREPA's reservations and non-waiver of its rights.

RESPECTFULLY SUBMITTED,

IN SAN JUAN, PUERTO RICO, THIS 28th DAY OF APRIL, 2017.
