

Please note that this PREPA Ex. 1.03 is just a cover / reference page that incorporates as PREPA Ex. 1.03 the 12 Excel working spreadsheets that PREPA filed on April 21, 2017, and that PREPA is filing again today in Excel working format on a “USB drive”. The number of the spreadsheets, the number of tabs, and the size of some of the tabs makes creating a .pdf of the 12 spreadsheets impractical.
