PUERTO RICO ENERGY BUREAU

IN RE: REQUEST FOR CERTIFICATION
SUNNOVA ENERGY CORPORATION

CASE NO.: CEPR-CT-2016-0002

SUBJECT: Petition for confidential
treatment of information.

RESOLUTION

On June 4, 2018, Sunnova Energy Corporation ("Sunnova") filed additional information related to the nature of the legal relationship between Sunnova Energy Corporation, Sunnova Management, LLC and its affiliated entities¹ doing business in Puerto Rico, as requested by the Puerto Rico Energy Bureau ("Energy Bureau"). As part of its filing, Sunnova requested such documents and information be kept confidential, pursuant to Section 6.15 of Act 57-2014² and Section 1.15 of Regulation No. 8701.³

Act 57-2014 establishes that any person having the obligation to submit information to the Energy Bureau, can request privilege or confidential treatment for any information that the party submitting understands deserves such protection.⁴ Specifically, Act 57-2014 requires the Energy Bureau to grant confidential treatment to the submitted information provided that "the Energy Bureau, after the appropriate evaluation, believes such information should be protected".⁵ In such case, the Energy Bureau "shall grant such protection in a manner that least affects the public interest, transparency, and the rights of the parties involved in the administrative procedure in which the allegedly confidential document is submitted."⁶

Furthermore, Section 1.15 of Regulation No. 8543,⁷ establishes:

¹ Sunnova Asset Portfolio 4, LLC; Sunnova AP5 Warehouse, LLC; Sunnova Asset Portfolio 5, LLC; Sunnova Lease Vehicle 3, LLC; Sunnova AP5-A, LLC; Sunnova AP5 Conduit, LLC, Sunnova Asset Portfolio 6, LLC; Sunnova AP 6 Warehouse II, LLC; and Sunnova Asset Portfolio 6 Holdings, LLC. ("Sunnova Entities").

⁶ *Id.*

⁷ *Regulation No. 8543, Regulation of Adjudicative, Notice of Compliance, Rate Review and Investigation Proceedings*, December 18, 2014.

If in compliance with the provisions of this Regulation or any of the Commission's orders, a person has the duty to disclose information to the Commission considered to be privileged, pursuant to the Rules of Evidence, said person shall identify the allegedly privilege information, request the Commission the protection of said information, and provide supportive arguments, in writing, for a claim of information of privileged nature. The Commission shall evaluate the petition and, if it understands the material merits protection, proceed according to what is set forth in Article 6.15 of Act. 57-2014, as amended.

Sunnova argues that the information for which it requests protection is of confidential nature and is not publicly available, therefore its public dissemination will place it at a competitive disadvantage with respect to other market participants and cause it economic harm⁸.

Upon careful examination of Sunnova's request for confidential treatment, the Energy Bureau **GRANTS** confidential designation to the following documents:

- 
1. Attachment Response to Request for Additional Information dated May 11, 2018,
 2. Transfer and Contribution of Systems (distributed generation systems) and PPAs to Sunnova Entities. (Sunnova AP6 Warehouse II, LLC; Sunnova AP5 Conduit, LLC; Sunnova Asset Portfolio 5, LLC; Sunnova Asset Portfolio 6 Holdings, LLC),

the term to request review shall recommence from the date of notice of such denial, or from the expiration of the fifteen (15)-day term, as the case may be. If a determination is made in its consideration, the term to petition for review shall commence from the date when a copy of the notice of the Energy Bureau's resolution definitively resolving the motion to reconsider is filed in the record of the case. Such resolution shall be issued and filed in the record of the case within ninety (90) days after the motion to reconsider has been filed. If the Energy Bureau accepts the motion to reconsider but fails to take any action with respect to said motion within ninety (90) days of its filing, it shall lose jurisdiction on said motion and the term to file judicial review shall commence upon the expiration of said ninety (90)-day term, unless the Energy Bureau, for just cause and within those ninety (90) days, extends the term to resolve for a period that shall not exceed thirty (30) days.
