IN RE: REQUEST FOR CERTIFICATION
SUNE WMT PR2, LLC.

CASE NO.: CEPR-CT-2016-0015

SUBJECT: Operational Report Filing.

RESOLUTION AND ORDER

On April 1, 2019, SUNE WMT PR2, LLC (“SUNE”) filed before the Puerto Rico Energy Bureau of the Public Service Regulatory Board (“Energy Bureau”) its operational report for year 2019, under the provisions on Section 2.02(A) of Regulation 8701.¹

Section 2.02 (E) of Regulation 8701 establishes that “[e]lectric service companies shall refer their Operational Report to the [Energy Public Policy Program (“EPPP”)] for review and comments prior to submitting it to the Energy [Bureau]. In submitting their Operational Reports before the [Energy Bureau], electric service companies shall indicate whether they referred it to the EPPP for review and comments.” Section 2.02 (E)(2) of Regulation 8701 establishes that “[i]n cases where electric service companies have not referred their Operational Report to the EPPP prior to filing it before the [Energy Bureau], the electric service companies shall explain the reasons that justify not having made said referral.”

Even though SUNE stated that their operational report was referred to the EPPP, no evidence of said referral is presented before the Energy Bureau. Therefore, the Energy Bureau **ORDERS** SUNE to show evidence of the presentation of its operational report before the EPPP **within a five (5) days** after the notification of this Resolution and Order.

Finally, the Energy Bureau **WARNS** SUNE that noncompliance with the Energy Bureau orders and regulations is sufficient cause for imposing fines and other administrative penalties, under Act 57-2014² and applicable regulations.

Be it notified and published.

¹ Amendment to Regulation No. 8618, on Certifications, Annual Fees and Operational Plans of Electric Service Companies in Puerto Rico, Regulation 8701, February 17, 2016.
