IN RE: REVIEW OF THE PUERTO RICO
ELECTRIC POWER AUTHORITY
INTEGRATED RESOURCE PLAN

CASE NO.: CEPR-AP-2018-0001

SUBJECT: PREPA's (1) Updated Motion for Confidential Treatment of Portions of its Integrated Resource Plan Filing and (2) Compliance Filing.

RESOLUTION AND ORDER

On June 7, 2019, the Puerto Rico Electric Authority ("PREPA") filed a document titled *PREPA's Verified Motion for Confidential Treatment of Portions of its Integrated Resource Plan Filing* ("June 7 Motion") before the Energy Bureau of the Puerto Rico Public Service Regulatory Board ("Energy Bureau"). On June 11, 2019, the Energy Bureau granted confidential treatment to the documents listed in PREPA's June 7 Motion.¹

Upon review of the documents filed by PREPA, the Energy Bureau determined that there was not a direct and clear correlation between the documents filed and the documents for which confidential treatment was sought as part of the June 7 Motion. Therefore, on June 18, 2019, the Energy Bureau ordered PREPA to file a detailed, specific and coherent list of the documents related to the revised proposed Integrated Resource Plan ("IRP") filing for which PREPA is seeking confidential designation and treatment.

On June 21, 2019, PREPA filed a document titled *PREPA's (1) Updated Motion for Confidential Treatment of Portions of its Integrated Resource Plan Filing and (2) Compliance Filing* ("June 21 Motion"). Through the June 21 Motion, PREPA stated that inadvertently the materials provided did not fully synchronize with the confidential designations requested in the June 7 Motion. In order to rectify the requested confidentiality designations, PREPA labeled the documents for which it was seeking confidential designation and treatment and included them as part of the June 21 Motion. Furthermore, PREPA included an updated list of the documents it had filed until June 19, 2019, in which it identified the documents and workpapers for which it requested confidential designation and treatment.

Upon review of PREPA's arguments and the updated information, the Energy Bureau **GRANTS** PREPA's confidential designation and treatment for the items specified in the June 21 Motion.² The confidential designation and treatment regarding PREPA's June 7 Motion, is rescinded.

Any party affected by this determination may move for reconsideration of this Resolution before the Puerto Rico Energy Bureau under Section 11.01 of Regulation 8543, and the provisions of Act 38-2017, known as the Uniform Administrative Procedures Act of the Government of Puerto Rico ("UAPA"). The affected party shall file its motion for reconsideration within the term of twenty (20) days from filing this Resolution. Such request must be presented to the Bureau Clerk's Office, at World Plaza Building, 268 Ave. Muñoz Rivera, Level Ste. 202, San Juan, P.R. 00918, or electronically in the Energy Bureau's digital platform at <https://radicacion.energia.pr.gov/>.

The Energy Bureau shall consider said motion within fifteen (15) days of its filing. Should the Energy Bureau reject it forthright or fail to act upon it within fifteen (15) days, the term to request review shall recommence from notice of such denial, or from the expiration of the fifteen (15)-day term. If a determination is made in its consideration, the term to petition for review shall commence from the date when a copy of the notice of the Energy Bureau's resolution definitively resolving the motion to reconsider is filed in the record. Such resolution shall be issued and filed in the record within ninety (90) days after the motion to reconsider has been filed. If the Energy Bureau accepts the motion to reconsider but takes no action regarding said motion within ninety (90) days of its filing, it shall lose jurisdiction on the motion and the term to file judicial review shall commence upon the expiration of the ninety (90)-day term, unless the Energy Bureau, for just cause and within those ninety (90) days, extends the term to resolve for a period that shall not exceed thirty (30) days.

Any affected party may file a petition for review before the Court of Appeals within a term of thirty (30) days from the date the copy of the notice of this Resolution was filed in the record of the Energy Bureau. Under Section 11.03 of Regulation 8543, and the dispositions of the UAPA and the Court of Appeals Regulation.
