IN RE: REVIEW OF THE PUERTO RICO
ELECTRIC POWER AUTHORITY
INTEGRATED RESOURCE PLAN

CASE NO.: CEPR-AP-2018-0001

SUBJECT: Petition to Intervene; Sunrun.

RESOLUTION

On July 3, 2019, the Energy Bureau of the Puerto Rico Public Service Regulatory Board ("Energy Bureau") issued a Resolution and Order in the instant case regarding the Integrated Resource Plan ("IRP") Filing presented by the Puerto Rico Electric Power Authority ("PREPA") on June 7, 2019 ("July 3 Resolution and Order").¹ Through the July 3 Resolution and Order, the Energy Bureau determined that PREPA complied with the requirements established on Regulation 9021.² The Energy Bureau also determined it was necessary to commence Phase 2 of the IRP approval process, as established on Regulation 9021, and issued the Procedural Calendar for the instant case.

To ensure transparency in its proceedings, and to promote ample public participation, the Energy Bureau invited any interested person to file a petition to intervene or a petition to appear as *Amicus Curiae* in the instant proceeding. The term to file such petition began on July 3, 2019 and ends on August 2, 2019, as established on the July 3 Resolution and Order.

On July 26, 2019, Sunrun, Inc. ("Sunrun") filed a document titled *Petition to Intervene* ("Petition"). Through its Petition, Sunrun stated the grounds for requesting intervention in the instant proceeding.

Upon review of Sunrun's arguments, the Energy Bureau **DETERMINES** that Sunrun meets the requirements set forth in Regulation No. 8543³ and Sections 3.5 and 3.6 of Act 38-2017.⁴ Therefore, the Energy Bureau **GRANTS** Sunrun's Petition to Intervene.

¹ See Resolution and Order, Completeness Determination of PREPA's IRP Filing and Procedural Calendar, Case No. CEPR-AP-2018-0001, *In Re: Review of the Puerto Rico Electric Power Authority Integrated Resource Plan*.

Any party affected by this determination may move for reconsideration of this Resolution before the Puerto Rico Energy Bureau under Section 11.01 of Regulation 8543, and Act 38-2017. The affected party shall move for reconsideration within the term of twenty (20) days from filing this Resolution. Such request must be presented to the Bureau Clerk's Office, at World Plaza Building, 268 Ave. Muñoz Rivera, Level Ste. 202, San Juan, P.R. 00918, or electronically in the Energy Bureau's digital platform at <https://radicacion.energia.pr.gov/>.

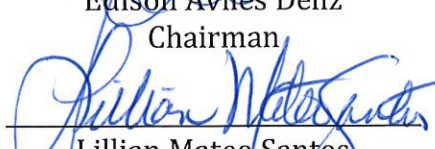

The Energy Bureau shall consider said motion within fifteen (15) days of its filing. Should the Energy Bureau reject it forthright or fail to act upon it within fifteen (15) days, the term to request review shall recommence from notice of such denial, or from the expiration of the fifteen (15)-day term. If a determination is made in its consideration, the term to petition for review shall commence from the date when a copy of the notice of the Energy Bureau's resolution definitively resolving the motion to reconsider is filed in the record. Such resolution shall be issued and filed in the record within ninety (90) days after the motion to reconsider has been filed. If the Energy Bureau accepts the motion to reconsider but takes no action regarding the motion within ninety (90) days of its filing, it shall lose jurisdiction on the motion and the term to file judicial review shall commence upon the expiration of the ninety (90)-day term, unless the Energy Bureau, for just cause and within those ninety (90) days, extends the term to resolve for a period that shall not exceed thirty (30) days.

Any affected party may file a petition for review before the Court of Appeals within a term of thirty (30) days from the date the copy of the notice of this Resolution was filed in the record of the Energy Bureau. Under Section 11.03 of Regulation 8543, and Act 38-2017 and the Court of Appeals Regulation.
