IN RE: REVIEW OF THE PUERTO RICO
ELECTRIC POWER AUTHORITY
INTEGRATED RESOURCE PLAN

CASE NO.: CEPR-AP-2018-0001

SUBJECT: PREPA's Motion for Extension of
Time to Respond to LEO and WÄRTSILÄ's
ROIs

RESOLUTION AND ORDER

On September 27, 2019, the Puerto Rico Electric Power Authority ("PREPA") filed before the Energy Bureau of the Puerto Rico Public Service Regulatory Board ("Energy Bureau") a document titled *Motion for Extension of Time to Respond to LEO and Wärtsilä's [sic] ROIs* ("Motion"). Through its Motion, PREPA requests an extension of time until October 28, 2019 to respond to the Local Environmental Organization's and *Wärtsilä's* ROIs.

As part of the September 23, 2019 Resolution and Order ("September 23 Resolution and Order") in the instant case, the Energy Bureau determined to amend the discovery period after PREPA requested to modify the due dates to answers ROIs previously submitted by the Intervenors. The procedural calendar in the instant case was amended, and the discovery phase was set from July 3, 2019 until October 16, 2019. Attachment A of the September 23 Resolution and Order contains a complete and up to date procedural calendar. Furthermore, through the September 23 Resolution and Order, the Energy Bureau already warned PREPA that neither the ROI deadlines nor the procedural calendar will be further modified.

PREPA's request for extension is incompatible with the procedural calendar established on September 23, 2019, which establishes that all responses to ROIs shall be filed until October 16, 2019. Therefore, the Energy Bureau **DENIES** PREPA's request to modify the discovery phase.

Be it notified and published.
