

GOVERNMENT OF PUERTO RICO  
PUBLIC SERVICE REGULATORY BOARD  
PUERTO RICO ENERGY BUREAU

IN RE: REVIEW OF THE PUERTO RICO  
ELECTRIC POWER AUTHORITY  
INTEGRATED RESOURCE PLAN

CASE NO.: CEPR-AP-2018-0001

SUBJECT: PREPA's Motion for Extension of  
Deadline to Respond to the Energy Bureau's  
Tenth Requirement of Information to  
PREPA.

RESOLUTION AND ORDER

On January 14, 2019, the Puerto Rico Electric Power Authority ("PREPA") filed before the Energy Bureau of the Puerto Rico Public Service Regulatory Board ("Energy Bureau") a document titled *Motion for Extension of Deadline to Respond to the Energy Bureau's Tenth Requirement of Information to PREPA* ("Motion"). Through its Motion, PREPA requested an extension to serve PREPA's answers to the Energy Bureau's Tenth Requirement of Information ("ROI #10"). The original submission deadline was January 15, 2020.<sup>1</sup>

In its Motion, PREPA argued that it will not be able to complete all the metrics results by the deadline established by the Energy Bureau due to the complexity of the requested simulations. PREPA requested the Energy Bureau to extend the deadline to submit the responses to ROI #10 until January 22, 2020. To that effect, PREPA argued that said extension will not affect the Procedural Calendar of the instant case, since intervenors will have the opportunity to file any supplemental testimony pertaining the responses to ROI #10 until January 29, 2020.<sup>2</sup>

Upon review of PREPA's Motion, the Energy Bureau **GRANTS** PREPA's request and **ORDERS** PREPA to file the responses to ROI #10 **on or before 12:00 p.m. on January 22, 2020**. The Energy Bureau **DETERMINES** that all other dates contained in the Procedural Calendar, as established in the December 13 Order, remain unaltered.

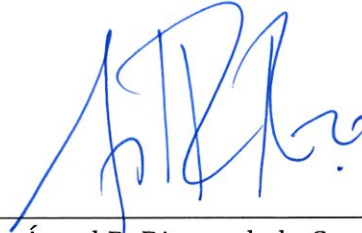

Be it notified and published.

<sup>1</sup> See Resolution and Order to modify the procedural calendar of the instant case; and to announce the Puerto Rico Energy Bureau's Requirement of Information No. 10, Case No. CEPR-AP-2018-0001, December 13, 2019. ("December 13 Order").

<sup>2</sup> Motion, p. 3.
