As part of its filing, SunE submitted its operational report form and corresponding annexes for the year 2020. In its Motion, SunE requested that such documents be kept confidential, under Section 6.15 of Act 57-2014¹ and Section 1.15 of Regulation No. 8701.²

Act No. 57-2014 establishes that any person having the obligation to submit information to the Energy Bureau, can request privilege or confidential treatment to any information that the submitting party understands deserves such protection.³ Specifically, Act 57-2014 requires the Energy Bureau to treat as confidential the submitted information provided that "the Energy Bureau, after the appropriate evaluation, believes such information should be protected".⁴ In such case, the Energy Bureau "shall grant such protection in a manner that least affects the public interest, transparency, and the rights of the parties involved in the administrative procedure in which the allegedly confidential document is submitted."⁵

Upon examining SunE arguments, the Energy Bureau **GRANTS** confidential designation and treatment to the filed documents⁶, in accordance with Article 6.15 of Act 57-2014.
