IN RE: REQUEST FOR CERTIFICATION
DG SOLAR LESSEE II, LLC.

CASE NO.: CEPR-CT-2016-0017

SUBJECT: Request for Extension of Time to
File 2021 Operational Report.

RESOLUTION

On March 31, 2021, DG Solar Lessee II, LLC ("DG Solar") filed before the Energy Bureau of the Puerto Rico Public Service Regulatory Board ("Energy Bureau") a document titled *Request for Extension to File 2021 Operational Report* ("Request"). Through its Request, DG Solar informs that it has yet to complete the 2021 operational report, as required by Regulation 8701¹, since it is still in the process of gathering data and information to complete the annexes. DG Solar states it can be in a position to file its operational report within the next thirty (30) days following the filing of its Request. Therefore, DG Solar requests an extension until April 30, 2021 to file its operational report.

Section 2.02 of Regulation 8701 details the information that must be included in the Operational Report to be filed by electric service companies. Further, the February 12, 2019 Order in Case No. CEPR-MI-2015-0006 ("February 12 Order") requires additional information to be filed by electric service companies as part of its Operational Report.

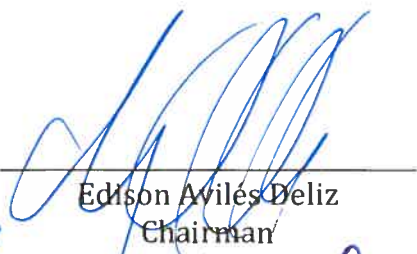

Upon review of DG Solar's arguments, the Energy Bureau **GRANTS** its Request. Therefore, DG Solar must file its Operational Report, pursuant to Regulation 8701 and the February 12 Order, **on or before April 30, 2021**. The Energy Bureau **WARNS** that noncompliance with the Energy Bureau orders and Regulations is sufficient cause for imposing fines and other administrative penalties, under Act 57-2014² and any applicable regulations.

Be it notified and published.

¹ Amendment to Regulation No. 8618, on Certifications, Annual Fees and Operational Plans of Electric Service Providers in Puerto Rico, as amended.

² Puerto Rico Energy Transformation and RELIEF Act, as amended.
