RESOLUTION AND ORDER

On April 21, 2021, the Energy Bureau of the Puerto Rico Public Service Regulatory Board ("Energy Bureau") issued a Resolution and Order ("April 21 Resolution") through which it ordered the Puerto Rico Electric Power Authority ("PREPA") and LUMA¹ to provide responses to several questions posed by the Energy Bureau related to the development of a Three-Year Demand Response ("DR") Plan on or before April 23, 2021. Further, the Energy Bureau ordered PREPA and LUMA to attend a Virtual Technical Conference to be held on April 27, 2021 at 1:00 p.m.

On April 23, 2021, PREPA and LUMA filed before the Energy Bureau a document titled *Joint Motion to Request Extension to Comply with Resolution and Order Entered on April 21st 2021 and to Reschedule Technical Conference* ("Joint Motion"). Through the Joint Motion, PREPA and LUMA stated that, along with the Guidehouse consultants, have discussed the scope and requirements of the April 21 Resolution, but will not be able to comply within the two-day deadline. PREPA and LUMA state that they have scheduled meetings to deliver responses to Attachment A of the April 21 Resolution by April 30, 2021. Regarding the Technical Conference scheduled for April 27, 2021, PREPA and LUMA state that the work calendar for May 2021 includes several compliance filings, workshops, conferences, and hearings in which PREPA and LUMA appear. Hence, PREPA and LUMA request that the Technical Conference in the instant case be rescheduled for May 11, 2021.

Upon review of the Joint Motion, the Energy Bureau **ORDERS** PREPA and LUMA to provide responses to Attachment A to the April 21 Resolution **on or before April 30, 2021**. Further, the Energy Bureau **ORDERS** PREPA and LUMA to attend virtual Technical Conference to be held on **Tuesday, May 11, 2021, at 10:00 a.m.**² PREPA and LUMA shall ensure that all personnel with knowledge on developing the Three-Year DR Plan attends the Technical Conference.
