CASE NO.: NEPR-MI-2021-0001

SUBJECT: Technical Conference Agenda.

RESOLUTION AND ORDER

On April 27, 2021, the Energy Bureau of the Puerto Rico Public Service Regulatory Board ("Energy Bureau") issued a Resolution and Order ("April 27 Resolution") through which it established a preliminary procedural calendar for the instant case. The Energy Bureau scheduled a Technical Conference¹ to be held on May 10-11, 2021 from 9:00 a.m. to 5:30 p.m.

As established in the April 27 Resolution, during the Virtual Technical Conference, LUMA² shall present and discuss thoroughly the proposed System Operation Principles. Due to the specialized nature of the Technical Conference, it will be conducted in the English language, with simultaneous translation to the Spanish language.³

The Energy Bureau, as it has done in other proceedings, organized and structured the issues to be discussed during the Technical Conference by subject-matter. This approach allows for a more useful dialogue, a more organized record, provides for better time management and allows a more detailed and efficient discussion. The agenda included as Attachment A of this Resolution and Order shall govern the Technical Conference.

The Energy Bureau **ORDERS** LUMA to ensure that all the persons (*i.e.*, employees, consultants, or representatives) involved in the preparation of the proposed System Operation Principles appear during the Technical Conference in accordance with the foregoing agenda and are duly prepared and ready to answer questions from the Energy Bureau, its staff, and consultants, regarding its presentation and all aspects of the proposed System Operation Principles.

During the Technical Conference, all participants **SHALL** conduct themselves efficiently and in full compliance with the procedures set forth by the Energy Bureau.

Be it notified and published.
