CASE NO.: NEPR-MI-2020-0019

SUBJECT: Request for Clarification of the
Agenda for Technical Conference.

RESOLUTION AND ORDER

On April 23, 2021, the Energy Bureau of the Puerto Rico Public Service Regulatory Board ("Energy Bureau") issued a Resolution and Order ("April 23 Resolution") through which it established a preliminary procedural calendar for the instant case. The Energy Bureau scheduled a Technical Conference to be held on May 14, 2021 and May 17, 2021 from 9:00 am. to 5:30 p.m.

On May 10, 2021, the Energy Bureau issued a Resolution and Order ("May 10 Resolution") through which it established the Technical Conference Agenda, which includes the topics to be discussed. Also, the Energy Bureau directed that LUMA's¹ representatives involved in preparing the System Remediation Plan ("SRP") should participate in the technical conference.

On May 12, 2021, LUMA filed before the Energy Bureau a document titled *Request for Clarification of Agenda for Technical Conference*. LUMA requested the Energy Bureau to clarify the agenda to ensure that LUMA representatives are duly prepared and able to answer questions on the proposed SRP and to fully understand the subject-matters included in the agenda issued in the May 10 Resolution. Specifically, LUMA requested clarification on the "load prioritization" topic, scheduled on the afternoon of May 14, 2021.

Upon review of LUMA's arguments, the Energy Bureau **AMENDS** the Technical Conference Agenda by replacing the topic "Load Prioritization" with "**LUMA's SRP Prioritization - Accounting for Load Criticality**". The rest of the agenda remains unaltered.

Be it notified and published.
