PUERTO RICO ENERGY BUREAU**

IN RE: REVIEW OF THE PUERTO RICO  
ELECTRIC POWER AUTHORITY'S SYSTEM  
REMEDATION PLAN

**CASE NO.:** NEPR-MI-2020-0019

**SUBJECT:** Puerto Rico Institute of  
Competitiveness and Economic Sustainability's  
Request for Extension of Time to File  
Comments.

**RESOLUTION**

On April 23, 2021, the Energy Bureau issued a Resolution and Order ("April 23 Order") through which it determined that the System Remediation Plan (SRP) Petition, as clarified by the document titled Motion in Compliance with Resolution and Order of April 6, 2021 and Submitting Responses to Request for Information filed by LUMA<sup>1</sup> April 16, 2021 on the instant case was complete. Therefore, the Energy Bureau commenced its evaluation of LUMA's SRP Petition. Also, the Energy Bureau established the preliminary Procedural Calendar for the instant case, which included May 26, 2021 as the deadline for the public to file their comments.

On May 25, 2021, Puerto Rico Institute of Competitiveness and Economic Sustainability ("ICSE"), filed before the Energy Bureau a document titled *Motion Requesting Extension of Time to File Comments* ("May 25 Request"), where ICSE seeks an extension of time of the May 26, 2021 deadline.

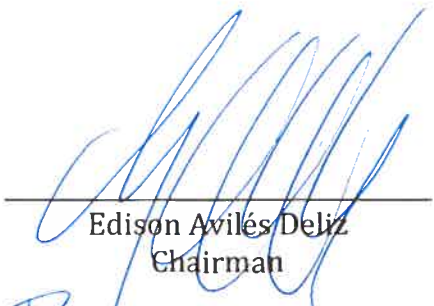

In the May 25 Request, ICSE states that they acknowledge the integrated nature of the planning, the budgeting, the metrics of immediate remediation and long-term grid rebuilding and modernization progress inherent to various intertwined proceedings that are in fact highly integrated. ICSE sustains that the instant proceeding requires a holistic analysis, more complex and time consuming than totally separated proceedings and that to be able to responsible comment of this matter, they are consulting with United States based experts, and making a judicious analysis of the legal implications of these issues. Therefore, ICSE request an additional time of fourteen (14) days to file their position on these issues.

Upon review of ICSE arguments, the Energy Bureau **PARTIALLY GRANTS** ICSE's request. ICSE will have until **June 3, 2021** to file its comments.

Be it hereby notified and published.
