PUBLIC SERVICE REGULATORY BOARD
PUERTO RICO ENERGY BUREAU**

**IN RE: REVIEW OF THE PUERTO RICO
ELECTRIC POWER AUTHORITY'S 10-YEAR
INFRASTRUCTURE PLAN – DECEMBER 2020**

CASE NO.: NEPR-MI-2021-0002

**SUBJECT: Motion in Compliance with
Resolution and Order Entered on April 22,
2021.**

RESOLUTION NUNC PRO TUNC

On June 8, 2021, the Energy Bureau of the Puerto Rico Public Service Regulatory Board ("Energy Bureau") issued a Resolution and Order in the instant case ("June 8 Resolution"). The Energy Bureau, among other things, approved the projects included as part of Attachment A of the June 8 Resolution. Inadvertently, the June 8 Resolution includes two typographical errors related to: (i) the Class 5 Cost Estimates amount that resulted from the approval of such projects; and (ii) the name of a Scope of Work document in Attachment A.

Through this Resolution, the Energy Bureau clarifies that the first paragraph on page 3 of the June 8 Resolution shall read as follows:

*Based on the information provided by PREPA, the scope of the projects is for the repair and replacement of existing infrastructure to comply with consensus-based codes and standards. Upon review of the April 28 Motion, the Energy Bureau **DETERMINES** that most of the projects presented are necessary to improve the reliability of the system. Therefore, the Energy Bureau **APPROVES** the projects included in Attachment A to this Resolution and Order, subject to the directives for specific projects included therein. The Energy Bureau notes that this approval represents \$1,240.77 MM based on the Class 5 Cost Estimates submitted by PREPA through the March 2021 Revised 10-Year Plan.*

Further, Lines 17-18 of Attachment A of the June 8 Resolution shall read as follows:

	10-Year Infrastructure Plan (March 19, 2021) - Project Name	SOW & Cost Estimate Document (April 28, 2021) - Project Name	Class 5 Costs Estimate (\$M) ¹	Comments
Transmission Lines 38 kV				
17	Existing 38 kV-Line 100 Ponce TC to Jobos TC	180052 FAASt Ponce TC to Jobos TC Line 100 & 200 Transmission	\$ 85.86	Approved as requested.
18	Existing 38 kV-Line 200 Ponce TC to Jobos TC		\$ 70.69	Approved as requested.

¹ The Class 5 Costs Estimate considered are based on the information provided in the March 2021 Revised 10-Year Plan.

[Handwritten signatures and initials in blue ink on the left margin, including 'Al', 'Jm', 'AA', and 'sm']

Be it notified and published.
