IN RE: REQUEST FOR CERTIFICATION
HORIZON ENERGY, LLC.

CASE NO.: CEPR-CT-2016-0004

SUBJECT: Submittal of Operational Report.

RESOLUTION AND ORDER

On February 28, 2021, Horizon Energy, LLC ("Horizon") filed before the Energy Bureau of the Puerto Rico Public Service Regulatory Board ("Energy Bureau") its operational report for year 2021, pursuant to Section 2.02(A) of Regulation 8701.¹

Section 2.02(E) of Regulation 8701 establishes that "[e]lectric service companies shall refer their Operational Report to the [Energy Public Policy Program "EPPP"] for review and comments before to submitting it to the [Energy Bureau]. In submitting their Operational Reports before the [Energy Bureau], electric service companies shall indicate whether they referred it to the [EPPP] for review and comments." Section 2.02(E) of Regulation 8701 establishes that "[i]n cases where electric service companies have not referred their Operational Report to the [EPPP] prior to filing it before the [Energy Bureau], the electric service companies shall explain the reasons that justify not having made said referral."

Section 2.03 of Regulation 8701 establishes the fees that any electric service company shall pay the Energy Bureau when submitting certain forms, documents, or information, such as the Operational Report.

As part of its Operational Report, Horizon stated it was referred to the EPPP. However, upon review of the administrative file, there was no evidence of such referral. Horizon did not submit the fee associated to the submittal of the Operational Report before the Energy Bureau, as required by Section 2.03 of Regulation 8701.

The Energy Bureau **ORDERS** Horizon to, **within five (5) days of the notification of this Resolution and Order**, (i) submit evidence of the referral of the Operational Report before the EPPP; and (ii) submit payment of the corresponding fee for the presentation of the Operational Report, including evidence of such payment. Until Horizon satisfies the payment of the presentation fee set forth in Regulation 8701, the Operational Report shall be deemed not filed.

¹ Amendment to Regulation No. 8618, on Certifications, Annual Fees and Operational Plans of Electric Service Companies in Puerto Rico, as amended by Regulation 9182, Amendment to Regulation No. 8701, on Certifications, Annual Fees and Operational Plans of Electric Service Providers in Puerto Rico.

Handwritten signatures in blue ink on the left margin, including initials 'AH', 'JAA', and 'SM'.

The Energy Bureau **WARNS** Horizon that noncompliance with the provisions of the Energy Bureau regulations is sufficient cause for imposing fines and other administrative penalties, in accordance with the provisions of Act 57-2014² and any applicable regulations.
