

**GOVERNMENT OF PUERTO RICO  
PUBLIC SERVICE REGULATORY BOARD  
PUERTO RICO ENERGY BUREAU**

**IN RE:** REVIEW OF LUMA'S MODEL BILL

**CASE NO.:** NEPR-MI-2021-0008

**SUBJECT:** Request to Reschedule Virtual Technical Conference.

**RESOLUTION**

On June 24, 2021, the Energy Bureau of the Puerto Rico Public Service Regulatory Board ("Energy Bureau") issued a Resolution and Order ("June 24 Resolution") through which it amended the procedural calendar to evaluate LUMA Energy, LLC and LUMA Energy ServCo LLC (collectively, "LUMA") *Petition for Approval of LUMA's Customer Bill and Submitting Model Bill and Supporting Information*, filed on March 30, 2021.

On July 8, 2021, LUMA filed before the Energy Bureau a document titled *Request to Reschedule Virtual Technical Conference Scheduled for July 20, 2021 Due to Conflict with Other Proceedings Before the Energy Bureau* ("Request"). Through its Request, LUMA states that through the June 24 Resolution, the Energy Bureau scheduled a Virtual Technical Conference for July 20, 2021. Further, LUMA mentioned that, as part of Case No. NEPR-AP-2018-0004,<sup>1</sup> the Energy Bureau scheduled the Evidentiary Hearing for three days, from July 19 to July 21, 2021. As a result, LUMA states the Technical Conference in the instant case coincides with the Evidentiary Hearing in Case No. NEPR-AP-2018-0004. Therefore, LUMA requested the Energy Bureau to reschedule the Technical Conference in the instant case to July 22, 2021.

The Energy Bureau is aware that, based on the importance of each proceeding and the available space in our calendar, it scheduled both the, Technical Conference in this proceeding as well as the Evidentiary Hearing in Case No. NEPR-AP-2018-0004 for July 20, 2021. As established in the June 24 Resolution, the Technical Conference in the instant case is scheduled for 8:30 a.m. to 12:00 p.m. Further, the Energy Bureau will soon issue the agenda for the Evidentiary Hearing in Case No. NEPR-AP-2018-0004. The Energy Bureau will schedule the Evidentiary Hearing for the afternoon of July 20, 2021.

For all the above, the Energy Bureau **DETERMINES** that the procedural calendar established in the June 24 Resolution remains unaltered.

Be it notified and published.
