

**GOVERNMENT OF PUERTO RICO  
PUBLIC SERVICE REGULATORY BOARD  
PUERTO RICO ENERGY BUREAU**

**NEPR**

**Received:**

**Aug 8, 2021**

**9:24 PM**

**IN RE:** REVIEW OF THE PUERTO RICO  
ELECTRIC POWER AUTHORITY'S 10-  
YEAR INFRASTRUCTURE PLAN –  
DECEMBER 2020

**CASE NO.:** NEPR-MI-2021-0002

**SUBJECT:** Request to Set Aside Order and  
for Cancellation of Technical Conference

**REQUEST TO SET ASIDE ORDER AND FOR CANCELLATION  
OF TECHNICAL CONFERENCE**

COMES NOW the Puerto Rico Electric Power Authority (PREPA), through its counsel of record, and respectfully submits and requests as follows:

1. On August 3, 2021, PREPA filed before the Puerto Rico Energy Bureau of the Public Service Regulatory Board (the "Energy Bureau" or "Bureau") a *Request for Technical Conference to Update the Energy Bureau on the Status of Generation Project and FEMA Section 404 Hazard Mitigation Program* (the "August 3 Motion"). In the August 3 Motion, PREPA, *motu proprio*, requested the Energy Bureau to enter an order scheduling a Technical Conference to report on certain PREPA generation projects.
2. On August 6, 2021, the Honorable Energy Bureau entered a Resolution and Order granting PREPA's request and thus, scheduled a Virtual Technical Conference to be held next Tuesday, August 10, 2021 (the "August 6 Order"). Also, PREPA was ordered to submit, on or before tomorrow, August 9, the report referenced in the August 3 Motion and a copy of the Power Point presentation to be projected during the Virtual Technical Conference. August 6 Order at p. 1.
3. PREPA has been preparing for the technical conference weeks in advance to the filing of the August 3 Motion. As part of the preparation, PREPA met with LUMA Energy, LLC (LUMA) representatives to discuss the generation projects that it planned on presenting to the Energy Bureau. At the time of the filing of the August 3 Motion, PREPA understood that it would be

completely prepared to present to the Energy Bureau the status of the generation projects, which included having the input of LUMA. However, due to time constraints, PREPA was not able to coordinate with LUMA for final input on the projects and therefore, its not prepared to present to the Energy Bureau this next Tuesday.

4. While PREPA appreciates the Energy Bureau taking time to address the petition made in the August 3 Motion and scheduling the Virtual Technical Conference in such short notice, PREPA understands that it is of the utmost importance that it completes some outstanding tasks before presenting to the Bureau. The request for the Energy Bureau to set aside the August 6 Order is made in good faith and with the sole purpose of having sufficient time for to PREPA a comprehensive report to the Bureau that will include the input of relevant stakeholders.

WHEREFORE, PREPA respectfully requests the Energy Bureau to set aside the August 6 Order and, therefore, cancel the Virtual Technical Conference scheduled to be held next Tuesday, as well as related rulings.

**RESPECTFULLY SUBMITTED.**

In San Juan Puerto Rico, 8<sup>th</sup> day of August 2021.
