PUERTO RICO ENERGY BUREAU**

**IN RE: REVIEW OF THE PUERTO RICO  
ELECTRIC POWER AUTHORITY'S 10-YEAR  
INFRASTRUCTURE PLAN – DECEMBER 2020**

**CASE NO.: NEPR-MI-2021-0002**

**SUBJECT: LUMA Request for Continuance of  
Technical Conference**

**RESOLUTION AND ORDER**

On September 22, 2021, the Energy Bureau of the Puerto Rico Public Service Regulatory Board ("Energy Bureau") issued a Resolution and Order ("September 22 Resolution"), in which, among other things, ordered LUMA<sup>1</sup> to attend a Technical Conference to be held on September 30, 2021, at 1:00 p.m. The purpose of the Technical Conference is to gather additional information from LUMA necessary for the analysis of the projects under the buildings category as explained in the September 22 Resolution.

On September 28, 2021, LUMA filed a document titled *Motion for Continuance of Technical Conference* ("Motion"). Through its Motion, LUMA informs that it has designated two witnesses that will attend the Technical Conference to provide the explanations sought by the Energy Bureau. LUMA states that such witnesses have vast knowledge on the topics to be discussed and are the ideal persons to testify in order to comply with the Energy Bureau's September 22 Resolution. LUMA indicates such witnesses cannot participate in the Technical Conference scheduled for September 30, 2021, due to prior scheduled professional commitments, but are available the week of October 4 to 8, 2021. LUMA specifically indicates that such witnesses are available Thursday, October 7, 2021, at 2:00 p.m. LUMA request that the Technical Conference be scheduled on any of the dates and times proposed in its Motion.

Upon analyzing LUMA's arguments, the Energy Bureau **GRANTS** LUMA's request and reschedules the Technical Conference<sup>2</sup> to be held on Thursday, October 7, 2021, at 2:00 p.m.

All other items expressed in the September 22 Resolution remain unaltered.

Be it notified and published.

<sup>1</sup> LUMA Energy, LLC, and LUMA Energy ServCo, LLC (collectively, "LUMA").

<sup>2</sup> In order to avoid the spreading of Covid-19, the Technical Conference will be held via the Microsoft Teams platform. The Energy Bureau will provide the login information through separate communication.
