

GOVERNMENT OF PUERTO RICO
PUBLIC SERVICE REGULATORY BOARD
PUERTO RICO ENERGY BUREAU

IN RE: REQUEST FOR CERTIFICATION
OF PATTERN SANTA ISABEL, LLC

CASE NO.: CEPR-CT-2016-0011

SUBJECT: Motion for Reconsideration

RESOLUTION

On April 21, 2020, the Energy Bureau of the Puerto Rico Public Service Regulatory Board ("Energy Bureau") ordered Pattern Santa Isabel, LLC ("Pattern") to, within ten (10) days from notification of the order, submit its gross revenue report for sales generated during Fiscal Year 2019, in accordance with Section 4.02 of Regulation 8701.¹ The Energy Bureau also ordered Pattern to show cause as to why the Energy Bureau should not impose an administrative fine of five thousand dollars (\$5,000) for its failure to comply with Act No. 57-2014² and Regulation 8701.

On April 23, 2020, Pattern filed its Gross Revenue and Financial Statements Report Form, as well as the audited financial statement for Fiscal Year 2019. On April 27, 2020, Pattern filed before the Energy Bureau a document titled *Motion for Reconsideration*.³ In its Motion for Reconsideration, Pattern stated that, because of the emergency situation caused by the Coronavirus Disease (Covid-19), several business and operations have been placed on hold. According to Pattern, it has taken steps to protect the health and safety of their employees and the public, also recognizing the ongoing crisis and the potential impact of different business working remotely. As such, Pattern requests the Energy Bureau to not impose the administrative fine of five thousand dollars (\$5,000).

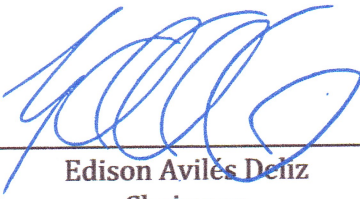

Upon examining Pattern's arguments, the Energy Bureau **DETERMINES** that Pattern showed sufficient cause for its delay in submitting its gross revenue report. The Energy Bureau is cognizant of the effect the emergency caused by the Covid-19 virus has had on all businesses. As such, the Energy Bureau **DETERMINES** not to impose the five thousand dollars (\$5,000) fine. The Energy Bureau **WARNS** Pattern that the noncompliance with Act 57-2014 and/or Energy Bureau Regulations is sufficient cause for imposing fines and other administrative sanctions.

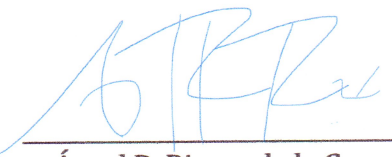

¹ Amendment to Regulation No. 8618, on Certification, Annual Fees and Operational Plans of Electric Service Companies in Puerto Rico, Regulation No. 8701, Energy Bureau, February 17, 2016.

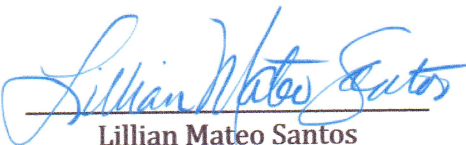

² Known as the Puerto Rico Energy Transformation and RELIEF Act, as amended.

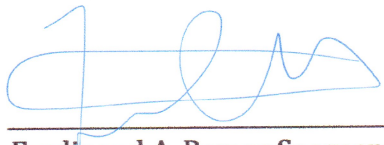

³ Although the title of this document is *Motion for Reconsideration*, based on Pattern's arguments, the Energy Bureau construes the same as a motion to show cause.
