

GOVERNMENT OF PUERTO RICO
PUBLIC SERVICE REGULATORY BOARD
PUERTO RICO ENERGY BUREAU

IN RE: PERFORMANCE TARGETS FOR
LUMA ENERGY SERVCO, LLC

CASE NO.: NEPR-AP-2020-0025

SUBJECT: Performance Metrics Targets

RESOLUTION AND ORDER

On January 14, 2022, the Energy Bureau of the Puerto Rico Public Service Regulatory Board ("Energy Bureau") issued a Resolution and Order ("January 14 Resolution") through which it required LUMA to file by February 4, 2022 a summary in Spanish of LUMA's Revised Performance Metrics Target.

On February 4, 2022, LUMA Energy, LLC ManagementCo (as ManagementCo), and LUMA Energy ServCo, LLC (as ServCo) (collectively, "LUMA"), filed a document titled *Urgent Request for Brief Extension of Time to Submit Summary in Spanish of LUMA's Revised Performance Metrics Targets* ("February 4 Request"). LUMA states they are currently editing the summary in Spanish of LUMA's Revised Performance Metrics Targets and the process requires input from LUMA's subject-matter experts to ensure accuracy in translating technical terms to Spanish. Thus, additional time is needed to ensure that the summary communicates correctly and effectively valuable information to LUMA's customers, stakeholders and the public. Therefore, LUMA requests the Energy Bureau to extend the timeframe to file the summary until February 11, 2022. LUMA states that the request does not affect the current procedural calendar.

Upon review of LUMA's request, the Energy Bureau **GRANTS** the February 4 Request and **ORDERS** LUMA to file the summary in Spanish of LUMA's Revised Performance Metrics Targets on or before February 11, 2022.

Be it notified and published.
