Section 3.05 of Regulation 8701 empowers the Energy Bureau to issue a cease-and-desist order, revoke, and annul any decision, ruling or order issued in relation to the process of any Request for Certification, when an electric service company "... has failed to comply with its duty to provide or update the information required under Law 57-2014, as amended, or this Regulation."

The Energy Bureau has the power to impose penalties on electric service companies for violations of Act 57-2014, its regulations, and orders.<sup>7</sup> Under Section 6.36 of Act 57-2014, the Energy Bureau has the power to impose these penalties:

- (a) The Energy Bureau shall impose administrative fines for violations of this Act, or the regulations and orders issued thereunder, committed by any person or electric power company subject to its jurisdiction, of up to a maximum of twenty-five thousand dollars (\$25,000) per day. Said fines shall never exceed five percent (5%) of the gross sales, fifteen percent (15%) of the net income, or ten percent (10%) of the net worth of the sanctioned person or the electric power company. The greater of the aforementioned amounts corresponding to the most recent taxable year shall be the amount of the fine.
- (b) If the person or certified electric power company commits a subsequent violation of this Act, the Energy Bureau may impose penalties of up to a maximum of twenty-five thousand dollars (\$25,000) per day. In such case and by unanimous determination of the Energy Bureau, it may impose fines up to twice the limitations on the basis of sales, income or assets set forth in subsection (a) of this Section and up to five hundred thousand dollars (\$500,000).
- (c) Any claim or cause of action authorized by law filed by any person with legal standing shall not affect the powers granted under this Section to impose administrative sanctions.
- (d) Any person who intentionally violates any provision of this Act, omits, disregards, or refuses to obey, observe, and comply with any rule or decision of the Energy Bureau shall commit a misdemeanor and upon conviction shall be punished by imprisonment for a term not to exceed six (6) months, or by a fine of not less than five hundred dollars (\$500) nor more than five thousand dollars (\$5,000), at the discretion of the Energy Bureau. In the event of recurrence, the established penalty shall increase to a fine of not less than ten thousand dollars (\$10,000) nor more than twenty thousand dollars (\$20,000), at the discretion of the Energy Bureau.
- (e) The Energy Bureau may resort to the pertinent forums to seek any remedy, including account garnishment, to ensure compliance with the penalties imposed.<sup>8</sup>

Under the above-mentioned legal provisions, LUMA ENERGY had to inform its gross revenue during the Natural Year 2021 on or before March 1, 2022. According to the administrative file, LUMA ENERGY **has not complied** with the provisions of Regulation 8701 regarding the submittal of the gross revenues generated during Natural Year 2021.

<sup>7</sup> See Section 6.7(h) of Act 57-2014.

<sup>8</sup> See Section 6.36 of Act 57-2014.
