JUNTA REGLAMENTADORA DE SERVICIO PÚBLICO
NEGOCIADO DE ENERGÍA DE PUERTO RICO**

NEPR Received: Jun 22, 2022 10:07 AM

IN RE: TARIFA PERMANENTE DE LA
AUTORIDAD DE ENERGÍA ELÉCTRICA
DE PUERTO RICO

CASO NÚM.: NEPR-MI-2020-0001

ASUNTO: Moción Para Informar
Cumplimiento Con Parte de la Orden del 17
de Junio de 2022 y Solicitud de Breve
Extensión de Término

**MOCIÓN PARA INFORMAR CUMPLIMIENTO CON PARTE DE LA ORDEN DEL 17
DE JUNIO DE 2022 Y SOLICITUD DE BREVE EXTENSIÓN DE TÉRMINO**

AL HONORABLE NEGOCIADO DE ENERGÍA:

COMPARECE la Autoridad de Energía Eléctrica de Puerto Rico (la “Autoridad”), a través de su representación legal, y muy respetuosamente expone, alega y solicita:

I. INTRODUCCIÓN

1. El 15 de junio de 2022, LUMA Energy, LLC y LUMA Energy ServCo, LLC (conjuntamente, “LUMA”), presentó ante el Negociado de Energía de la Junta Reglamentadora de Servicio Público de Puerto Rico (“Negociado de Energía” o “Negociado”), un documento titulado *Motion Submitting Quarterly Reconciliations and FCA, PPCA, and FOS Calculated Factors and Request for Confidential Treatment* (“Moción de 15 de junio”). Mediante la Moción del 15 de junio, LUMA presentó la reconciliación de las cláusulas Fuel Clause Adjustment, Power Purchase Clause Adjustment y Fuel Oil Subsidy correspondiente a los meses de marzo, abril y mayo de 2022. Además, LUMA presentó los factores propuestos para dichas cláusulas, a estar vigentes durante el periodo de 1 de julio de 2022 a 30 de septiembre de 2022.

2. El 17 de junio de 2022, el Negociado de Energía notificó una *Resolución y Orden* (“Orden del 17 de junio”) mediante la cual impartió varias órdenes a la Autoridad y a LUMA y también les citó a comparecer a una conferencia técnica a celebrarse este próximo viernes, 24 de junio de 2022.

3. Entre las órdenes impartidas a la Autoridad se encuentran unas para producir a LUMA información para que LUMA pueda cumplir con órdenes que a su vez le fueran impartidas a esta. Además, la Orden del 17 de junio dirige a la Autoridad a producir cierta información y análisis que requiriera el Negociado en relación con las unidades generatrices de la Autoridad. El Negociado ordenó a la Autoridad a cumplir con todos estos requerimientos en poco más de un (1) día laborable; la Orden del 17 de junio fue notificada el viernes, 17 de junio de 2022 a las 5:26 a.m. y el Negociado de Energía ordena a que se cumplan las múltiples peticiones que ahí se listan en o antes de mañana, 22 de junio de 2022 a las 10:00 a.m.

4. El Negociado ordena también a la Autoridad a presentó el informe correspondiente al 15 de junio de 2022, según ordenado en la Resolución y Orden del 31 de marzo de 2022. El referido informe debe ser presentado en o antes de las 10:00 a.m. del miércoles 22 de junio de 2022. Además, el Negociado de Energía ordenó a la Autoridad mostrar causa por la cual no se deba imponer una multa administrativa por tal incumplimiento.

II. CUMPLIMIENTO CON LA SECCIONES III.A Y IV DE LA ORDEN DEL 16 DE JUNIO

a. Sección III. A

5. En la Sección III. A de la Orden del 17 de junio el Negociado ordena a LUMA a producir varios renglones de información y datos. Entre estas peticiones se encuentran:

1. La pestana “Attachment 3” del archivo “JULY-SEPT 2022 Factors.xlsx” contiene la corrida de PROMOD, donde se calcula el costo estimado de compra de combustible y compra de energía para los meses de julio, agosto y septiembre de 2022. Estos resultados están basados, en parte, en las proyecciones de costos de los

distintos combustibles que utilizan la Autoridad y la cogeneradora EcoEléctrica. LUMA no presentó una descripción detallada de la metodología utilizada para el cómputo de los estimados de precios de estos combustibles. Por lo tanto, LUMA deberá proveer la referida descripción, incluyendo las hojas de trabajo (worksheets) en formato nativo con las fórmulas intactas y cualquier base de datos utilizadas para dicho cómputo.

2. Un estimado del costo incremental del uso de combustible diésel en las unidades San Juan 5 y 6, relativo al costo si se hubiese utilizado gas natural, durante los meses marzo y abril de 2022.

3. Un estimado del costo incremental del uso de combustible residual en las unidades Costa Sur S y 6, relativo al costo si se hubiese utilizado gas natural, durante los meses de marzo, abril y mayo de 2022.

4. Las nominaciones de gas natural para las centrales San Juan y Costa Sur, correspondientes a los meses de marzo, abril y mayo de 2022.

Orden del 17 de junio en p. 4, Sec. III. a. 1-4 (notas al calce en el original omitidas).

6. La Autoridad informa que en el día de hoy produjo a LUMA la información que esta solicitara a la AEE para responder a estos requerimientos. A la hora de la radicación de esta moción LUMA no ha mostrado reparo a la información producida ni ha solicitado información adicional.

b. Sección IV. – Cumplimiento con la Orden del 31 de marzo

7. El 31 de marzo de 2022, el Negociado de Energía emitió una *Resolución y Orden* (la “Orden del 31 de marzo”) mediante la cual, entre otras cosas, aprobó la reconciliación del trimestre anterior y aprobó los factores para el trimestre en curso. En la Orden del 31 de marzo, el Negociado incluyó la siguiente directriz:

El Negociado de Energía ORDENA a la Autoridad a, en o antes del día 15 de cada mes comenzando con el mes de mayo de 2022, presentar ante el Negociado de Energía un informe detallado de los resultados de las acciones tomadas relacionadas a reclamaciones bajo el contrato entre la Autoridad y New Fortress para el suplido de gas natural en las unidades San Juan 5 y 6. El informe debe incluir todas las instancias o incidentes en que la Autoridad ha tenido que utilizar diésel en lugar de gas natural desde el inicio del contrato con New Fortress, la causa o causas de cada incidente, las acciones tomadas por New Fortress y/o la Autoridad para corregir dichas causas y la documentación que evidencie las correspondientes reclamaciones

realizadas por la Autoridad al amparo del contrato y cualquier otra reclamación relacionada. Además, el informe debe estar acompañado de copia de cualquier documentación (*e.g.*, cartas, correos electrónicos, memoranda, etc.) que apoye los datos contenidos en el mismo incluyendo, pero sin limitarse a, todas las comunicaciones cursadas entre la Autoridad y New Fortress con relación a nominaciones de gas natural desde el inicio del contrato.

Orden del 31 de marzo en p. 20, Sec. VI.

8. La respuesta a la orden citada en el párrafo anterior se incluye como **Anejo A** de esta moción.

9. En la Orden del 31 de marzo el Negociado también incluyó la siguiente directriz dirigida a la Autoridad:

El Negociado de Energía ORDENA a la Autoridad a, en o antes del día 15 de cada mes, comenzando con el mes de mayo de 2022, presentar ante el Negociado de Energía un informe detallado de los resultados de las acciones tomadas relacionadas a reclamaciones bajo el contrato entre la Autoridad y Naturgy para el suministro de gas natural en las unidades Costa Sur 5 y 6. El informe debe estar acompañado de copia de cualquier documentación (*e.g.*, cartas, correos electrónicos, memoranda, etc.) que apoye los datos contenidos en el mismo. Como parte de su radicación, la Autoridad deberá presentar también un informe detallado respecto al suministro de gas natural en las unidades Costa Sur 5 y 6, incluyendo el consumo de gas natural y de combustible residual, si alguno, así como la fecha estimada para el restablecimiento del suministro normal de gas natural a dichas unidades.

Id.

10. La respuesta a la orden citada en el párrafo anterior se incluye como **Anejo B** de esta moción.

11. La Autoridad respetuosamente informa al Negociado que no cumplió con presentar la información que aquí se incluye el pasado 15 de junio de 2022 por inadvertencia. La calendarización de la fecha límite se hizo para este miércoles, 22 de junio de 2022, en vez de para el 15 de junio de 2022, que es el miércoles anterior y la fecha correcta para la presentación de la información y cumplimiento con la Orden del 31 de marzo de 2022. La Autoridad informa

al Honorable Negociado que ha hecho las gestiones para corregir la calendarización y poder así dar fiel cumplimiento de manera prospectiva a la Orden. Por todo lo cual, se solicita respetuosamente al Honorable Negociado que desista de imponer multas administrativas a la Autoridad por no presentar el 15 de junio de 2022 el informe en cumplimiento con la Orden del 31 de marzo de 2022.

III. SOLICITUD DE EXTENSIÓN DE TÉRMINO

12. En la Orden del 17 de junio el Negociado ordena también a la Autoridad a producir la siguiente información:

1. Describa las salidas forzadas de las unidades de generación durante los meses de marzo, abril y mayo de 2022. En dicha descripción, la Autoridad deberá incluir las fechas y horas de cada salida forzada e identificar, cuantificar y explicar de manera detallada el impacto que dichas salidas tuvo en los costos asociados a la compra de combustible y compra de energía.

[...]

2. Proveer el itinerario de mantenimientos programados de las unidades generatrices del sistema, incluyendo las cogeneradoras AES y EcoEléctrica, para los meses de julio, agosto y septiembre de 2022. La Autoridad deberá describir las limitaciones, si alguna, en la disponibilidad de las unidades generatrices, especialmente las unidades base, para el referido periodo. Esta descripción deberá contener un análisis respecto a la demanda esperada y la disponibilidad programada de los activos de generación.

Orden del 17 de junio en p. 5, Sec. III, ¶¶ 1-2.

13. Según indicáramos arriba, la Autoridad recibió este requerimiento de información a poco más de un día laborable de la fecha límite que diera el Negociado de Energía para cumplir con los mismos. Los oficiales de la Autoridad que trabajan para producir la información requerida, tanto directamente de la Autoridad, como la que se tuvo que producir a LUMA para que LUMA cumpliera con las órdenes del Negociado, estuvieron todo el día de ayer, 21 de junio de 2022, participando de reuniones de Comité de Junta de Gobierno, trabajando con los borradores del

presupuesto para el año fiscal 2022-2023 y preparándose para presentar y participar en la reunión regular de Junta de Gobierno que se celebrará este próximo 23 de junio de 2022. Estos compromisos que estaban en agenda desde hace varios meses son impostergables y han impedido que la Autoridad culmine la preparación de la información que solicitara el Negociado de Energía en el inciso III. b. de la Orden del 17 de junio.

14. La Autoridad solicita respetuosamente que este Honorable Negociado que, tomando en consideración lo antes expresado, conceda hasta el final del día de hoy (11:59 p.m.) para cumplir con los requerimientos incluidos en el inciso III. b. de la Orden del 17 de junio.

POR TODO LO CUAL, la Autoridad solicita respetuosamente a este Honorable Negociado de Energía que tome conocimiento de lo aquí informado y conceda hasta el final del día de hoy (11:59 p.m.), 22 de junio de 2022, para cumplir con los requerimientos incluidos en el inciso III. b. de la Orden del 17 de junio.

RESPETUOSAMENTE SOMETIDO.

En San Juan, Puerto Rico a 22 de junio de 2022.

AUTORIDAD DE ENERGÍA ELÉCTRICA

NFEnergia LLC y San Juan 5 y 6

Respuesta: En reclamo por la interrupción de suministro de combustible contra NFE continua. Se hicieron ajustes a la reclamación luego de NFE reclamar, y la AEE validar, costos que se debían exceptuar dado a que se incurrieron en días que se hacían trabajos en vivo (hot works) y dichos costos no son atribuibles a acciones o inacciones de NFE. Las comunicaciones relacionadas y detalladas se adjuntan como Anejo A-1.

No se incluye desglose de cambios de combustibles ya que, desde el 16 de mayo de 2022, fecha del último reporte que enviara la AEE al NEPR, no se han suscitado eventos de cambios de combustibles por interrupción en el suministro de combustible.

Las nominaciones y comunicaciones relacionadas se incluyen como Anejo A-2.

Buenos días,

Incluimos la reclamación modificada de PREPA con respecto al uso incremental de combustible No.2 (diésel) debido a la falta de suministro de gas natural en las unidades 5 y 6 de la Central San Juan Ciclo Combinado. Esta reclamación, además, incluye los meses de marzo y abril de 2022.

Se incluye la tabla modificada del costo incremental y la tabla de ajustes debido a los trabajos calientes (Hot Works), aceptados como válidos por PREPA.

Agradeceremos su pronta validación de los datos para proceder con el crédito solicitado.

[SAN JUAN COMBINED CYCLE NINETY DAY PROGRAMM June 2022 Reviewed.pdf](#)

Buen dia,

Adjunto la nominación revisada de junio para NFE, esta se tuvo que reenviar por que se decidió no retirar la unidad 6 de San Juan como estaba programada. Este cambio de nominación tuvo un incremento en el costo de \$/Mbtu por el gas extra.

Gracias,

Jorge L. Cotto Pérez, PE

Good afternoon,

PREPA confirm the attached reviewed program for June 2022. A request for an additional 0.5583 TBtu for the period is included.

Please, confirm the requested gas availability and pricing on your earliest convenience.

The nominations for July, August and September 2022 will also include the corresponding

adjustments according to changes made on June 2022 reviewed nomination.

Good afternoon Edwin, et al,

Hopes this email finds you well.

NFE can confirm the availability of the additional Gas requested. The price for that additional gas will be **\$23.12** per mmbtu, as per market current conditions.

Let us know how PREPA would like to proceed.

Naturgy y Costa Sur 5 y 6

Respuesta: El reclamo por interrupción por suplido de gas contra Naturgy se culminó. Así las cosas, Naturgy ha otorgado a la AEE un crédito de \$17,182,437.01 por falta de suplido de combustible durante el primer trimestre del 2022. Este crédito es efectivo al culminar el segundo trimestre del 2022. La información relacionada y detallada se incluye como Anejo B-1.¹

Las nominaciones y comunicaciones relacionadas se incluyen como Anejo B-2.

¹ El documento titulado PREPA - SHORTFALL Q1-2022.pdf se proveerá al Negociado de Energía en versión nativa vía email.

Date: Friday, May 27, 2022 4:24:33 PM
Attachments: [image001.png](#)

Good afternoon,

After a deep review of Naturgy calculations, our office determined that the numbers shown are correct and according to the agreement between the parties for Q1 2022 shortfall quantities.

PREPA is agreed with the quantity of **\$17,182,437.01** as the final amount due by Naturgy as a result of the Q1 2022 shortfall quantities.

Please, proceed with the corresponding credit note for the liquidated damages for Q1 2022.

Regards,

Edwin Barbosa

Dear all,

Following our previous communication, please find attached our calculations regarding the liquidated damages for the quantities not delivered in Costa Sur in Q1 2022 under the contract

between NASA and PREPA, resulting in a total amount of **\$17,182,437.01**.

Please kindly note that the Costa Sur Seller Shortfall Quantity shall be calculated as the difference between the Binding Monthly Schedule quantity and the monthly quantity provided for consumption by NASA in response to the PREPA's NDS or the monthly quantity delivered if greater than the monthly quantity provided (find attached NDS response).

Please confirm the calculations for us to proceed and to send you a credit note for the liquidated damages in Q1 2022.

We remain at your disposal for any clarification you may need.
