TO THE HONORABLE PUERTO RICO ENERGY BUREAU:

COME NOW LUMA Energy, LLC (“ManagementCo”), and LUMA Energy ServCo, LLC (“ServCo”), (jointly referred to as “LUMA”), and respectfully state and request the following:

1. On April 2, 2022, LUMA submitted to this Energy Bureau its Annual Budgets for Fiscal Years 2023 through 2025 (“Annual Budgets”). LUMA also submitted supporting workpapers on April 8, 2022.
2. On May 19, 2022, this Energy Bureau issued a Resolution and Order with the subject “Fiscal Year 2023 Annual Budget Review: Requirement of Information and Establishing a Procedural Calendar” (“May 19th Order”). This Energy Bureau issued one hundred and sixteen (116) requests for information, stated in Attachments A through F of the May 19th Order. Additionally, in the May 19th Order, this Energy Bureau scheduled a Technical Conference for June 10, 2022, which conference convened and was canceled minutes after the record opened and witnesses were administered the oath or affirmation.

3. In compliance with the May 19th Order, through separate filings dated May 26, June 3 and June 7, 2022, LUMA and the Puerto Rico Electric Power Authority (“PREPA”) submitted their responses to the Energy Bureau’s Requirements for Information.¹

4. On July 13, 2022, LUMA filed a *Motion Submitting Fiscal Year 2023 Annual Budget as Approved by the Financial Oversight and Management Board for Puerto Rico* (the “Informative Motion”) whereby it submitted to this Energy Bureau the Fiscal Year 2023 Budget as certified by the Financial Oversight Management Board for Puerto Rico (“FOMB”) (“Certified Budget”).

5. On July 16, 2022, the Energy Bureau entered a Resolution and Order (the “July 16th Order”) whereby it took notice of the Certified Budget. In what is pertinent here, the Energy Bureau further determined to open a review of the Certified Budget. As part of such process, the Energy Bureau ordered LUMA to submit further responses to 9 requests included in the July 16th Order before July 29, 2022 at noon. In compliance with the July 16th Order, on July 29, 2022, LUMA submitted the information requested.

6. After other procedural developments, on August 12, 2022, this Energy Bureau entered a Resolution and Order through which, in its pertinent part, it issued a third revision to the procedural calendar as per which the virtual technical conference was postponed for September 9, 2022 (“August 12th Order”). In the August 12th Order, this Energy Bureau also issued seven (7) additional requests for information due on August 29, 2022.

7. On August 18, 2022, PREPA filed a *Request for Continuance of Technical Conference* which was granted through Resolution and Order entered on August 19, 2022. Therefore, the virtual technical conference was postponed to September 13, 2022.

¹ LUMA responded to all of the Energy Bureau’s requirements, except for Requirements nos. A7, A8, A9, F1, F2, F3(A)-(C), F4, F5(A)-(E), F6(A)-(E), F7, F8, F9(A), F10(A)-(D) which were responded by PREPA.

9. The first day of the Technical Conference on the Certified Budget was held on September 13, 2022 from 10:00 a.m. until past 5:00 p.m. (“September 13th Technical Conference”). Twenty-nine (29) members of LUMA’s work force in charge of different aspects of LUMA’s operations and organization, appeared and were sworn in to answer questions from this Energy Bureau. Representatives of PREPA also appeared but were excused given that the Energy Bureau and its consultants first addressed questions to LUMA.

10. Throughout the Technical Conference, this Energy Bureau and its consultants issued several requests for information to LUMA (“RFIs”). In total, the Energy Bureau issued eighteen (18) RFIs, some of which include several requests.

11. Close to 5:00 pm during the September 13th Technical Conference, this Energy Bureau determined that it was necessary to extend the Technical Conference for a second day and set the same for September 27, 2022.

12. Regarding the RFIs, at the close of the September 13th Technical Conference, this Energy Bureau indicated that it would issue a written order with the RFIs and granted LUMA until 5:00 pm on September 23, 2022 to submit its responses.

13. On September 20, 2022, this Energy Bureau issued a Resolution and Order whereby it issued an amended procedural calendar in this proceeding (“September 20th Order”). This Energy Bureau set the date for LUMA to file its responses to the RFIs for October 7, 2022. Further, this Energy Bureau scheduled the continuation of the Technical Conference for October 18, 2022.

14. On October 5, 2022, LUMA submitted a Motion styled *Urgent Request for Extension of Time to Submit Responses to Requests for Information and Request for an Agenda*

for the October 18th Technical Conference (“October 5th Request for Extension”). In the October 5th Request for Extension, LUMA proposed to submit a first set of RFI responses by October 7th and requested that additional time beyond October 7th, until October 12, 2022, be granted to submit a second set of responses.

15. In compliance with the bench orders issued on September 13th and the September 20th Order, on October 7, 2022, LUMA submitted a first set of responses to the RFIs. In further compliance with the bench orders issued on September 13th and the September 20th Order, on October 12, 2022, LUMA submitted the second set of responses to the RFIs as *Exhibit 1* to this motion. As part of its submission, LUMA requested that the redacted portions of responses to RFI number 13 of *Exhibit 1* be kept confidential by this honorable Energy Bureau pursuant to the Energy Bureau’s Policy on Management of Confidential Information, CEPR-MI-2016-0009, issued on August 31, 2016, and partially amended on September 16, 2016. In accordance with this policy, on October 24, 2022, LUMA submitted a Memorandum of Law in support of its request.

16. A second Technical Conference was held on October 18, 2022. LUMA’s representatives appeared and answered questions posed by the Commissioners and consultants of this Energy Bureau. During the second Technical Conference, the Bureau issued bench orders for LUMA to provide additional information. In compliance therewith, on November 1, 2022 LUMA submitted its responses to such requests through a motion titled *Submission of Responses to Requests for Information in Compliance with Bench Orders Issued During Technical Conference of October 18, 2022*.

17. On November 14, 2022, LUMA filed a *Memorandum of Law in Support of Request for Confidentiality of Documents Submitted Under Seal with its November 1 Motion* in which it espoused the legal reasons for protecting the confidentiality of certain information.

18. On November 28, 2022, this Energy Bureau entered a Resolution and Order whereby it scheduled a confidential or closed Technical Conference for December 13, 2022 at 2:00 pm (AST) to facilitate its review of certain confidential information submitted by LUMA in response to the Energy Bureau's multiple Requests for Information in this proceeding.

19. It is respectfully informed that the undersigned legal representatives of LUMA have a scheduling conflict as they have a deposition in another legal proceeding in which they are both attorneys of record.

20. For that reason, LUMA hereby respectfully requests that the confidential Technical Conference be re-scheduled for December 20, 2022.

21. This request is made in good faith and for just cause, as explained above, and with the only purposes of making possible LUMA's compliance with its responsibilities and obligations to this Energy Bureau.

WHEREFORE, LUMA respectfully requests that the honorable Bureau **take notice** of the aforementioned for all purposes; and **reschedule** the confidential technical conference set for December 13, 2022 at 2:00 pm (AST).

RESPECTFULLY SUBMITTED.
