May 11, 2023 Order

**INFORMATIVE MOTION IN RESPONSE TO THE ENERGY BUREAU'S
MAY 11 2023 ORDER**

COMES NOW the Puerto Rico Electric Power Authority ("PREPA") through its legal representation and respectfully submits as follows:

1. On August 6, 2021, the Energy Bureau of the Puerto Rico Public Service Regulatory Board ("Energy Bureau") issued a *Resolution and Order* ("August 6 Resolution") through which it ordered PREPA to amend the Streetlighting Manual to include only the essential physical and functional features and delete any specific reference to a specific brand in the final version of the codes and standards unless there is an extraordinary or special circumstance that makes it necessary to include such information.

2. On May 11, 2023, the Energy Bureau entered a *Resolution and Order* ("May 11 Order") whereby PREPA was directed to inform the status of the amendment of the Streetlighting Manual and submit it on or before today, May 18, 2023.

3. PREPA hereby respectfully informs the Energy Bureau that LUMA Energy, LLC and LUMA Energy ServCo, LLC (together, "LUMA") as the transmission and distribution system operator, and pursuant to the Puerto Rico Transmission and Distribution System Operation and Maintenance Agreement between LUMA, PREPA and the Puerto Rico Public-Private Partnerships Authority ("T&D OMA") is the entity that holds the controlled copies of the Streetlighting Manual

and accordingly has the responsibility to provide any updates/revisions to the Streetlighting Manual.

4. Upon receiving the May 11 Order, PREPA conferred with LUMA's counsel and agreed that LUMA would provide the corresponding status on the revisions to the Streetlighting Manual.

WHEREFORE, PREPA respectfully requests the Energy Bureau to take notice of this informative motion and excuse PREPA from compliance with the May 11 Order.

RESPECTFULLY SUBMITTED.
