GOVERNMENT OF PUERTO RICO
PUBLIC SERVICE REGULATORY BOARD
PUERTO RICO ENERGY BUREAU

IN RE: MANEJO DEL MANTENIMIENTO Y REPARACIONES DE LAS UNIDADES DE GENERACIÓN UTILIZADAS POR LA AUTORIDAD DE ENERGÍA ELÉCTRICA DE PUERTO RICO PARA SUPLIR SERVICIO ELÉCTRICO	**CASE NO.:** NEPR-MI-2021-0014 **SUBJECT:** Motion to submit Genera PR LLCs June 13 Recommendation Letter in Compliance with the June 16 Order

MOTION TO SUBMIT GENERA PR LLC'S JUNE 13 RECOMMENDATION LETTER IN COMPLIANCE WITH THE JUNE 16 2023 ORDER

TO THE HONORABLE PUERTO RICO ENERGY BUREAU:

COMES NOW GENERA PR, LLC ("Genera PR") through its counsel of record, and respectfully state and request the following:

1. Acting in accordance with the authoritative mandate entrusted to the Energy Bureau of the Puerto Rico Service Regulatory Board ("Energy Bureau") by statutory provisions, to diligently serve the best interests of the people of Puerto Rico and to carefully oversee the operational efficiency of the electric power system, this Motion is respectfully submitted to enforce strict compliance with a crucial order issued under the docket.

2. In a pursuit to fulfill their oversight function, the Energy Bureau established this docket, primarily aimed at compiling required information regarding the maintenance and repair of the generation fleet of the Puerto Rico Electric Power Authority (hereinafter referred to as "PREPA"), in addition to other pertinent reports.

3. On January 24, 2023, PREPA, in conjunction with the Puerto Rico Public-Private Partnership Authority (hereinafter referred to as the "P3 Authority"), and Genera PR, entered into the Puerto Rico Thermal Generation Facilities Operation and Maintenance Agreement (hereinafter referred to as the "OMA"). The OMA, created to strengthen the Commonwealth's energy resources, outlines an elaborate plan for operation and maintenance services ("O&M Services") pertinent to certain baseload generation plants and combustion turbine peaking units, collectively designated as "Legacy Generation".

4. Section 4.2(j) of the OMA mandates that Genera PR assess and submit reports on the inventory of Consumables, Spare Parts, and Capital Spare Parts for each Legacy Generation Asset[1]. This section requires a concerted and strategic collaboration among Genera PR, original equipment manufacturers, the P3 Authority, and PREPA to determine the necessary inventory that will enable Genera PR to fulfill its contractual obligations.

5. On June 13, 2023, in fulfillment of Section 4.2(j) of the OMA, Genera PR submitted a recommendation letter in which it detailed the Consumables, Spare Parts, and Capital Spare Parts necessary for Genera PR to maintain a supply that would enable it to comply with its obligations under the OMA for the initial 12-month period following the Service Commencement Date (the "June 13 Recommendation Letter"). This was achieved by coordinating with the P3 Authority and PREPA to ensure that the form and substance of the letter were correct.

6. On June 16, 2023, the Energy Bureau issued an order directing Genera PR to file its June 1 Recommendation Letter in Docket No. NEPR-MI-2021-0014, along with any future

[1] Capitalized terms not defined in this Motion shall have the meanings ascribed to them in the OMA.

submissions of recommendations made by Genera PR under Section 4.2(j) (referred to as the "June 16th Order").

7. On June 18, 2023, Genera PR filed a *Motion to Submit Genera PR LLC's Recommendation Letter in Compliance with the June 16, 2023 Order* (the "June 18 Motion"), in which it submitted the June 1 Recommendation Letter as Exhibit A.

8. Notwithstanding, the June 16th Order further requires that any future submissions of recommendations made by Genera PR be submitted.

9. In light of the above, Genera PR hereby submits the June 13 Recommendation Letter as Exhibit A of this Motion, along with Attachment A of the letter as Exhibit B, in compliance with the June 16th Order.

RESPECTFULLY SUBMITTED.

In San Juan, Puerto Rico, this 19th day of June 2023.

Re: Recommendation of Consumables, Spare Parts and Capital Spare Parts Resubmission; Operation and Maintenance Agreement ("OMA") dated as of January 24, 2023, by and among the Puerto Rico Electric Power Authority ("Owner" or "PREPA"), the Puerto Rico Public-Private Partnerships Authority ("Administrator" or "P3A") and Genera PR LLC ("Operator" or "Genera"). Capitalized terms not defined in this letter shall have the meanings ascribed to them in the OMA.

Dear Administrator/PREB:

As required by Section 4.2(j) of the OMA, Genera is to review the inventory of Consumables, Spare Parts and Capital Spare Parts for each Legacy Generation Asset and submit to Administrator and PREB (with a copy to Owner), for their review and approval, a recommendation in consultation with the original equipment manufacturers of any additional Consumables, Spare Parts and Capital Spare Parts to allow Operator to comply with its obligations under the OMA for twelve (12) months following the Service Commencement Date.

The list, enclosed as Attachment A, shows the Consumables, Spare Parts, and Capital Spare Parts necessary to provide Genera with a supply to comply with its obligations under the OMA for the initial 12-month period after the Service Commencement Date, having coordinated with P3A and PREPA and ensuring the form and substance is correct.

Genera considers that this is a living document as we move from the Mobilization Period into Operations. As such, there are still some blanks; however, the Genera and S&L teams are working to get that data from the OEMs to fully populate it. Once we get that data, we will be able to issue a final version and close the deliverable.

Genera looks forward to working with you to close out the Mobilization Period through transparent, open, and consistent communications.

1,183	Peaker (Frame 5000)	All	Main Power Transformer			Switchyard		Transformer Assembly	Palo Seco GT GSU Transformer (33.3 / 44.4 / 55.5 / 62.1 MVA, 115 / 13.2 KV, 60 MVA)					Capital Spares	Critical	ea	No		0			0		0		-
1,184	Peaker (Frame 5000)	All	Compressor & Turbine Compartment	GE	5000	Gas Turbine		Shield Wire	12. Shield Wire High Temp.				131-13998	Spares	Major	ft	No		970		6000	5030		5030	$1	$4,879
1,185	Peaker (Frame 5000)	All	Reduction Gear Compartment	GE	5000	Gas Turbine		Wire	3. Wire, Thermocouple				131-00482	Spares	Major	ft	No		4500		9000	4500		4500	$1	$2,665
1,186	Peaker (Frame 5000)	All	Control Compartment	GE	5000	Gas Turbine		Conductor	D. Conductor Single Wire For Speedtronic				131-20969	Spares	Major	ft	No		2000		6000	4000		4000	$0	$280
1,187	Peaker (Frame 5000)	All	Compressor & Turbine Compartment	GE	5000	Gas Turbine		Packing strip	c. Packing Strip, 1st Stg. Nozz.				131-21710	Spares	Major	roll	No		4		6	2		2	$73	$146
1,188	Peaker (Frame 5000)	All	Accessory Compartment	GE	5000	Gas Turbine		Doors	7. Compartment Doors					Spares	Major	set	No				6	6		6		-
1,189	Peaker (Frame 5000)	All	Compressor & Turbine Compartment	GE	5000	Gas Turbine		Nozzle	a. Nozzle, 1st Stage Hi-Tech				131-21611	Spares	Major	set	No		3		4	1		1	$196,400	$196,400
1,190	Peaker (Frame 5000)	All	Compressor & Turbine Compartment	GE	5000	Gas Turbine		Nozzle	a.Nozzle, 2nd Stage Hi-Tech				131-21629	Spares	Major	set	No		1		1	0		0	$266,960	-
1,191	Peaker (Frame 5000)	All	Compressor & Turbine Compartment	GE	5000	Gas Turbine		Shroud	a. Shroud, 1st Stage				131-21660	Spares	Major	set	No		2		6	4		4	$24,800	$99,200
1,192	Peaker (Frame 5000)	All	Compressor & Turbine Compartment	GE	5000	Gas Turbine		Shroud	b. Shroud, 2nd Stage				131-21678	Spares	Major	set	No		2		6	4		4	$23,350	$93,400
1,193	Peaker (Frame 5000)	All	Compressor & Turbine Compartment	GE	5000	Gas Turbine		Buckets	a. Buckets, 1st Stage				131-21785	Spares	Major	set	No		1		2	1		1	$119,400	$119,400
1,194	Peaker (Frame 5000)	All	Compressor & Turbine Compartment	GE	5000	Gas Turbine		Buckets	b. Buckets, 2nd Stage				131-10192	Spares	Major	set	No		1		2	1		1	$110,649	$110,649
1,195	Peaker (Frame 5000)	All	Compressor & Turbine Compartment	GE	5000	Gas Turbine		Doors	R. Compartment Doors					Spares	Major	set	No				6	6		6		-
1,196	Peaker (Frame 5000)	All	Reduction Gear Compartment	GE	5000	Gas Turbine		Bolts & Nuts	1. Bolts & Nuts for Load Coupling				131-16728	Spares	Major	set	No		0		6	6		6	$974	$5,841
1,197	Peaker (Frame 5000)	All	Reduction Gear Compartment	GE	5000	Gas Turbine		Doors	C. Compartment Doors					Spares	Major	set	No				6	6		6		-
1,198	Peaker (Frame 5000)	All	Reduction Gear Compartment	GE	5000	Gas Turbine		Filter	G. Filter Oil - Size 3" DA				131-08667	Consumables	Major	set	No		6		6	0		0	$80	-
1,199	Peaker (Frame 5000)	All	Exhaust Stack / Exhaust Frame	GE	5000	Gas Turbine		Baffle	a. Air Baffle, Exhaust Hood				131-17494	Spares	Major	set	No		1		6	5		5	$220	$1,098
##	Peaker (Frame 5000)	All	Generator Compartment	GE	5000	Gas Turbine		Bushing	1. Base Bolt Bushing				SAFE KEEPING	Consumables	Minor	set	No				6	6		6		-
1,201	Peaker (Frame 5000)	All	Generator Compartment	GE	5000	Gas Turbine		Shim	2. Base Shim or Plate				SAFE KEEPING	Consumables	Minor	set	No				6	6		6		-
##	Peaker (Frame 5000)	All	Generator Compartment	GE	5000	Gas Turbine		washer	3. Base Washers				SAFE KEEPING	Consumables	Minor	set	No				6	6		6		-
##	Peaker (Frame 5000)	All	Generator Compartment	GE	5000	Gas Turbine		Bushing	4. Piping Flange Bolt Bushing				SAFE KEEPING	Consumables	Minor	set	No				6	6		6		-
##	Peaker (Frame 5000)	All	Generator Compartment	GE	5000	Gas Turbine		washer	5. Piping Flange Washers				SAFE KEEPING	Consumables	Minor	set	No				6	6		6		-

Exhibit B

Attachment A - Genera PR - Letter - PREB - Consumable, Spare Parts and Capital Spare Parts - June 13, 2023
