COMES NOW the Puerto Rico Electric Power Authority ("PREPA") through its undersigned legal representation and, very respectfully, informs and requests as follows:

1. On January 14, 2024, the Puerto Rico Electric Power Authority ("PREPA") filed before the Energy Bureau of the Puerto Rico Public Service Regulatory Board ("Energy Bureau" or "PREB") an *Urgent Motion Submitting for Review and Approval of the Scope of Work for the Transfer/Ownership to PREPA of the Temporary Generation Units*. PREPA included fourteen (14) exhibits as supporting documents to its petition and requested confidential treatment from the PREB.
2. On January 22, 2024, PREPA filed *Motion in Compliance with the January 19th, 2024 Resolution and Order* to inform the Energy Bureau that on the same date, the Puerto Rico Public-Private Partnerships Authority was

notified of PREPA's intent to acquire the emergency power generation units. The exhibit filed with the motion was submitted under seal.

3. On January 26, 2024, the Energy Bureau issued a Resolution and Order that ordered PREPA to comply with the Energy Bureau's Policy Management of Confidential Information regarding the exhibits filed with the January 14 and January 22 motions.
4. PREPA hereby informs that, despite its diligent efforts, it is still re-evaluating the documents submitted as confidential. Therefore, PREPA requests an extension of five (5) business days, until February 9th, 2024, to comply with the January 26th Resolution.
5. The instant request for extension is reasonable, made in good faith, and not with the intent to cause an undue delay in the proceedings.

WHEREFORE, PREPA respectfully requests the Energy Bureau to **GRANT** the request for an extension of time and, consequently, allow PREPA until February 9th, 2024, to comply with the January 26th Resolution.

RESPECTFULLY SUBMITTED.
