**IN RE:** REQUEST FOR CERTIFICATION  
OF SUNRUN, INC.

**CASE NO.:** NEPR-CT-2019-0002

**SUBJECT:** Request for Certification and  
Filings under Regulation 8701

**MOTION TO REQUEST EXTENSION OF TIME**

TO THE HONORABLE ENERGY BUREAU:

COMES NOW, Sunrun, Inc. ("Sunrun"), represented by the undersigned legal counsel, and respectfully submits the following motion to request an extension of time:

1. On June 21, 2024, the Honorable Energy Bureau (the "Bureau") issued a Resolution and Order ("June 21 R&O") whereby Sunrun was ordered to respond, no later than five days from the notification of the June 21 R&O, to a request for information ("RFI"). The RFI, outlined in attachment A to the June 21 R&O, orders Sunrun to provide a statement of the gross revenue attributable only to the sale of energy in Puerto Rico, and the corresponding combined or branch financial statements for those same entities' activities related to the sale of energy in Puerto Rico for the years ending on December 31 of 2021, 2022 and 2023. To respond to this request, Sunrun was also requested to provide the following additional information: (1) For lease-type agreements, specify which type of lease is used (operating or capital lease) and identify the owner of the assets that generate and sell energy; (2) also, provide sample copies of the relevant lease-type agreements; (3) for PPOAs, specify the structures typically used and identify who—if not Sunrun, Inc.—owns, generates, and sells the energy; (4) also, provide sample copies of the relevant PPOAs; (5) exclude from Puerto Rico generated revenues those that are not required to be reported, such as operations & maintenance, among others; (6) for

each sale of energy revenue, specify which entity actually generates and sells the energy; and (7) provide the most recent organizational chart of Sunrun Inc.'s affiliates, subsidiaries, and/or partnership limited liability companies that operate in Puerto Rico ("Entities"), in a way that reconciles with the 119 active legal Entities registered in Puerto Rico as of April 15, 2024.

2. Sunrun respectfully informs the Bureau that, due to the complexity and scope of the requested information, the efforts to compile the information are still underway.
3. In light of the foregoing, and in accordance with Section 5.01 of Regulation No. 8701, Sunrun respectfully petitions this Honorable Energy Bureau to grant it a brief five-day extension, until July 1, 2024, to comply with the June 21 R&O.

WHEREFORE, Sunrun respectfully requests that this Honorable Energy Bureau grant an extension until July 1, 2024, to comply with the June 21 R&O.

Respectfully submitted, on June 26, 2024
