IN RE: PUERTO RICO ELECTRIC SYSTEM
CASH FLOW AND CASH POSITION
CONCERNS

CASE NO.: NEPR-IN-2024-0004

SUBJECT: Hearing Examiner's Request to
Issue a Public Statement

RESOLUTION AND ORDER

On November 18, 2024, the Hearing Examiner designated in this investigation, Mr. Scott Hempling, issued a communication ("November 18 Communication") through which he requested authorization to issue a public statement related to a press article that utilized a confidential motion that was filed by LUMA in this docket.

The Energy Bureau does not check the veracity of what the press publishes. However, noting that the newspaper article uses a confidential motion as a source of information, the Energy Bureau agrees with Mr. Hempling that issuing a clarifying public statement protects the integrity of this investigation.

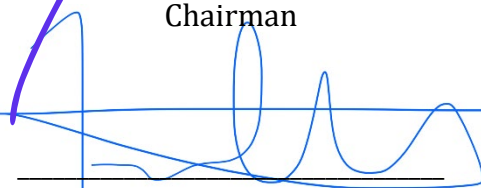

The public statement also serves as a compelling warning to the parties regarding their obligation to protect confidential material and the propriety of their behavior in this proceeding.

The Energy Bureau **AUTHORIZES** the Hearing Examiner to issue the public statement as requested in the November 18 Communication.

Be it notified and published.
