INFORMATION**

TO THE HONORABLE PUERTO RICO ENERGY BUREAU:

COME NOW LUMA Energy, LLC (“ManagementCo”), and **LUMA Energy ServCo, LLC** (“ServCo”), (jointly referred to as “LUMA”), and respectfully state and request the following:

1. On March 11, 2024, the Energy Bureau entered a Resolution and Order in which it instructed LUMA to respond on or before April 1, 2024, by 5:00 p.m., to a *Second Set of IRP Prefiling Period Requests of Information* set forth in Attachment A to the Resolution and Order (“March 11th Order”). The Energy Bureau based its decision to issue these requests on the need to continue ascertaining the adequacy of LUMA’s next Integrated Resource Plan (“IRP”) proposal.

2. On April 1, 2024, LUMA filed a *Motion Submitting Responses to the Second Set of IRP Prefiling Period Requests of Information and Request for Confidential Treatment*. Therein, LUMA submitted its responses to the *Second Set of IRP Prefiling Period Requests of Information*. LUMA provided those responses supported by preliminary information, which could change and be revised as LUMA develops the IRP. Among the materials submitted with LUMA’s responses,

there was an updated version of LUMA’s presentation for the Second Prefiling Conference held on October 31, 2023.

3. However, the filed updated version of LUMA’s presentation for the Second Prefiling Conference held on October 31, 2023, contains various internal comments that were included inadvertently. As such, LUMA hereby submits a revised version of the updated LUMA’s presentation for the Second Prefiling Conference held on October 31, 2023, as *Exhibit 1* to this Motion. LUMA respectfully requests the Energy Bureau to accept this revised version of the updated LUMA presentation and substitute the one in the Energy Bureau’s public records located at this link: <https://energia.pr.gov/wp-content/uploads/sites/7/2024/04/RFI-LUMA-Update-of-slides-12-20-1.pdf>.

WHEREFORE, LUMA respectfully requests the Energy Bureau to **take notice** of the foregoing; **accept** the updated version of LUMA’s presentation for the Second Prefiling Conference held on October 31, 2023; and **substitute** the presentation filed on April 1, 2024, for the revised version of the updated LUMA’s presentation for the Second Prefiling Conference held on October 31, 2023, submitted as *Exhibit 1* to this Motion.

RESPECTFULLY SUBMITTED.

WE HEREBY CERTIFY that this Motion was filed using the electronic filing system of this Energy Bureau and that electronic copies of this Motion will be notified to the Puerto Rico Electric Power Authority: lionel.santa@prepa.pr.gov and through its attorneys of record González & Martínez, Mirelis Valle-Cancel, mvalle@gmlex.net; and Alexis G.
