**IN RE: THE PERFORMANCE OF THE
PUERTO RICO ELECTRIC POWER
AUTHORITY**

CASE NO.: NEPR-MI-2019-0007

**SUBJECT: Submission of Quarterly Report on System
Data for October through December 2024**

**MOTION SUBMITTING QUARTERLY REPORT ON SYSTEM DATA FOR OCTOBER THROUGH
DECEMBER 2024**

TO THE PUERTO RICO ENERGY BUREAU:

COMES NOW, LUMA ENERGY SERVCO, LLC (“LUMA”), through the undersigned legal counsel and respectfully states and requests the following:

I. Introduction.

The requirement to submit quarterly reports on specified system data of the Puerto Rico Electric Power Authority (“PREPA”) arises under a Resolution and Order issued by the Puerto Rico Energy Bureau (“Energy Bureau”) on May 14, 2019, in this proceeding. Pursuant to Section 5.6 of the Puerto Rico Transmission and Distribution System Operation and Maintenance Agreement (“T&D OMA”), LUMA, as an agent of PREPA, submits system data regarding the Transmission and Distribution System (“T&D System”). As instructed by the Energy Bureau, LUMA is submitting PREPA’s system data regarding generation. All information regarding PREPA’s Generation Facilities was provided to LUMA by Genera PR, LLC (“Genera”), in its capacity as Operator of the Thermal Generation Facilities pursuant to the Puerto Rico Thermal Generation Facilities Operation and Maintenance Agreement (“LGA OMA”), executed on January 24, 2023.

LUMA hereby respectfully submits the Quarterly Report on System Data for October through December 2024. As explained forthwith, LUMA is submitting restated valued for the “Technical losses as % of net generation” metric.

II. Background on Filing of Quarterly Reports on System Data

On June 22, 2021, LUMA submitted the quarterly performance metrics for the months of March, April, and May 2021, with performance data prior to Interim Service Commencement, which occurred on June 1, 2021. Since then, LUMA has submitted quarterly reports on system data and updates, as requested by this Energy Bureau. *See* filings of August 6, 2021; August 13, 2021 (filing updated quarterly report with System Data for March through May 2021, in compliance with order of August 6, 2021); September 20, 2021; December 22, 2021; March 21, 2022; June 20, 2022; July 29, 2022; October 20, 2022; January 20, 2023; April 20, 2023; July 20, 2023; October 20, 2023; October 31, 2023 (submitting restated values); January 29, 2024; April 22, 2024, July 22, 2024, and November 20, 2024.

III. Submission of System Data for October through December 2024.

With this Motion, LUMA is submitting System Data for October through December 2024. This submission includes an Excel spreadsheet entitled “Resumen Métricas Máster_January2025.xlsx”.

The Quarterly Report on System Data for October through December 2024, is based on the revised data template issued by this Energy Bureau with a Resolution and Order dated October 18, 2024 (“October 18 Order”). This filing also complies with the requirements of the October 18 Order to align the reported metrics in the instant proceeding with the Performance Metrics approved in LUMA’s Targets Proceeding, Case No. NEPR-AP-2020-0025 *In re: Performance Targets for LUMA Energy Servco, LLC* (“LUMA’s Targets Proceeding”).

IV. Restated Values for the Technical Losses as % of Net Generation Metric.

As advanced above, LUMA is restating the values reported for Technical losses as a % of net generation metric since July 2021. The modification incorporates a report (REPORTE PREPA CUST HIST) from the Customer Care & Billing System (CC&B) to gather more information on losses, and another report from CC&B (CM_SUB0006 = Servicios con Medición Neta), to include data on energy exported by Net Metering customers. These revisions do not impact the method of calculation for this metric.

WHEREFORE, LUMA respectfully requests that this Honorable Bureau **take notice of** the aforementioned; **accept** the Quarterly Report on System Data for October through December 2024; and **deem** LUMA in compliance with its reporting requirements.

RESPECTFULLY SUBMITTED.

In San Juan, Puerto Rico, this 21st day of January 2025.

We hereby certify that we filed this motion using the electronic filing system of this Energy Bureau and that we will send an electronic copy of this motion to PREPA's counsel of record, Alexis Rivera Medina, arivera@gmlex.net and Mirelis Valle Cancel, mvalle@gmlex.net, and Genera PR LLC, through its counsel of record Jorge Fernández-Reboredo, jfr@sbglaw.com and Alejandro López Rodríguez, alopez@sbglaw.com, and the Independent Consumer Protection Office, Hannia Rivera Diaz, hrivera@jrsp.pr.gov.
