In Re: Request for Certification Sunnova  
Energy Corporation

Case no. CEPR-CT-2016-0002

Subject: Operational Report

**MOTION TO REQUEST EXTENSION OF TIME**

TO THE HONORABLE ENERGY BUREAU:

COMES NOW Sunnova Energy Corporation ("Sunnova"), represented by the undersigned legal counsel, and respectfully submits the following:

1. Section 2.02 of the *Amendment to Regulation No. 8618 on Certification, Annual Fees, and Operational Plans for Electric Service Companies in Puerto Rico, Regulation 8701 of the 17th of February 2016*, as amended ("Regulation 8701"), requires electric service companies who offer electric power generation services for sale through distributed generators that are interconnected to Puerto Rico's power grid with an aggregate capacity of one megawatt or more to file before the Honorable Energy Bureau an operational report.
2. Sunnova hereby respectfully notifies the Honorable Energy Bureau that the preparation of its operational report for fiscal year 2024 ("FY2024") is still ongoing. While the team has made progress in compiling the necessary information, unforeseeable staffing constraints—exacerbated by other urgent, high-priority items—have limited the resources available to finalize our submission.
3. In light of the foregoing, and in accordance with Section 5.01 of Regulation No. 8701, Sunnova respectfully petitions this Honorable Energy Bureau to grant a brief seven-day extension, until April 7<sup>th</sup>, 2025, to submit its operational report for FY2024.
