IN RE: REVIEW OF LUMA'S INITIAL
BUDGETS

CASE NO.: NEPR-MI-2021-0004

**MOTION TO REQUEST EXTENSION TO SUBMIT PREPA'S FEDERAL FUNDING AND GRID
MODERNIZATION IMPLEMENTATION REPORT FOR APRIL 2025**

COMES NOW the Puerto Rico Electric Power Authority ("PREPA"), through its counsel of record, and respectfully submits and requests as follows:

1. On June 25, 2023, the Energy Bureau of the Puerto Rico Public Service Regulatory Board ("Energy Bureau") issued a Resolution and Order modifying and, as such, approving the Consolidated Annual Budgets for Fiscal Year 2024 (hereinafter, the "June 25th Resolution").
2. In addition, the Energy Bureau directed PREPA to submit the Implementation of the Grid Modernization Plan on a bi-monthly basis (hereinafter, the "Grid Modernization Report"). Pursuant to the June 25th Resolution, the Grid Modernization Report shall include a comprehensive overview of the primary investment areas and projects being considered by PREPA to ensure the provision of dependable and resilient power, along with the current progress of project milestones.
3. PREPA was also ordered to submit monthly reports to the Energy Bureau detailing federal funding activity during the quarter for hydro facilities. These reports must include progress on submitting and advancing Project Worksheets (PWs) and

Scopes of Work (SOWs), by hydro/dam site, the cumulative amount of federal funding applied for, the incremental amount of federal funding applied for during the reporting quarter, and both the cumulative and monthly amounts of federal funding received.

4. On November 13, 2023, the Energy Bureau issued a Resolution and Order to authorize, among other things, a monthly cadence for the Grid Modernization Report.
5. Moreover, on June 26, 2024, the Energy Bureau issued a Resolution and Order regarding the FY 2025 Budget review. The Energy Bureau determined that the FY 2025 Budgets, as modified by the Resolution and Order, comply with Act 57-2014 and the 2017 Rate Order. Furthermore, the Energy Bureau indicated that “[a]ll existing Reporting Requirements remain in full force and effect”.
6. In light of the above, PREPA is in the process of finalizing the Grid Modernization Report to be filed before the Energy Bureau. Nevertheless, PREPA respectfully requests an extension until May 7, 2025, to finalize and submit the report. PREPA also requested an extension from the Financial Oversight and Management Board for Puerto Rico (FOMB) to submit the Grid Modernization Report.
7. This request is made in good faith and without the intention of delaying the Energy Bureau's evaluation of the Grid Modernization Report.

WHEREFORE, PREPA respectfully requests: (a) the Energy Bureau to take **NOTICE** of the information provided, and (b) **GRANT** until May 7, 2025, to submit the Grid Modernization Implementation Report.

RESPECTFULLY SUBMITTED.

In San Juan, Puerto Rico, this 30 day of April 2025.

CERTIFICATE OF SERVICE: We hereby certify that this document was filed with the Office of the Clerk of the Energy Bureau using its Electronic Filing System at <https://radicacion.energia.pr.gov/login>.
