Mr. Efran Paredes Maisonet  
Executive Director  
Puerto Rico Electric Power Authority  
PO Box 364267  
San Juan, PR 00936-4267

Dear Efran,

Thank you for your letter and complimentary words about PREPA's APPA membership. We appreciate your longstanding support and your many contributions to the public power community. We look forward to continuing to work with you and your team under the new LUMA management agreement.

As you are probably aware, LUMA recently joined APPA as a private energy associate member. Through this membership, LUMA employees can access many APPA resources, but as an associate member, there are limitations to their level of access to these benefits.

We welcome PREPA's continued involvement in our Mutual Aid Working Group. Based on policies developed by public power utility members, APPA's mutual aid program does not allow private entities, even those under a management agreement, to participate in the APPA Mutual Aid Working Group. PREPA, as the APPA public power utility member, owner of the infrastructure, and the entity of the Government of Puerto Rico, needs to make official mutual aid requests to APPA.

We recommend that you develop a process for LUMA to initiate mutual aid requests with PREPA. Upon receiving your request, APPA will distribute it to member utilities, and when they express interest in helping, we will establish a pre-deployment coordination call with LUMA and PREPA.

Please contact me if you want to discuss the recommended mutual aid process or how your team can access APPA member benefits. Thank you again for your continued support. I look forward to working with you.

Sincerely,

A handwritten signature in black ink, appearing to read "Joy Ditto".
