IN RE: LUMA'S ACCELERATED STORAGE
ADDITION PROGRAM

CASE NO.: NEPR-MI-2024-0002

SUBJECT: Resolution and Order pertaining to *Urgent Request for Extension of Time to Comply with the July 9, 2025 Order to Show Cause*, filed by LUMA Energy, LLC and LUMA Energy ServCo, LLC.

RESOLUTION AND ORDER

On July 9, 2025, the Energy Bureau of the Puerto Rico Public Service Regulatory Board ("Energy Bureau") ordered LUMA¹ to show cause within five (5) days as to why it should not: 1) be fined \$100,000 for willful non-compliance and misrepresentation of material facts regarding Phase 1 of the Accelerated Storage Addition Program ("ASAP"); and 2) have its interconnection-related costs disallowed for Phase One Standard Offer Projects, as those costs were not disclosed or justified during the approval process ("July 9 Order"). Particularly, because LUMA had explicitly stated that Phase 1 would require no network upgrades or interconnection costs, which was a key basis for the Energy Bureau's approval. However, LUMA later submitted documentation showing \$1.3 million in interconnection study costs, directly contradicting its prior representations.

On July 11, 2025, LUMA filed a document titled *Urgent Request for Extension of Time to Comply with the July 9, 2025 Order to Show Cause* ("July 11 Motion"). Through the July 11 Motion, LUMA requested five (5) additional days to respond to the July 9 Order, citing the seriousness and complexity of the issues raised.

Upon review of the July 11 Motion, the Energy Bureau **GRANTS LUMA five (5) additional days** to comply with the July 9 Order.

The Energy Bureau **REITERATES** that failure from LUMA to timely respond to this Resolution and Order will result in the imposition of fines, in accordance with Section 6.36 of Act 57-2014.²

Be it notified and published.

¹ LUMA Energy, LLC and LUMA Energy ServCo, LLC (jointly referred to as, "LUMA").

² *Puerto Rico Energy Transformation and RELIEF Act*, as amended ("Act 57-2014").
