- c. Certificate of good standing issued by the Puerto Rico Department of State (dated within three months of submission);

- e. Any additional information required by the Energy Bureau or its forms.

2. Evidence of capacity to operate the contracted services, including:

- a. Summary of operational personnel;
- b. Their technical qualifications and licenses.

Furthermore, the Energy Bureau **ORDERS** AES Ilumina to describe the services, equipment, and systems the contracted entity will operate.

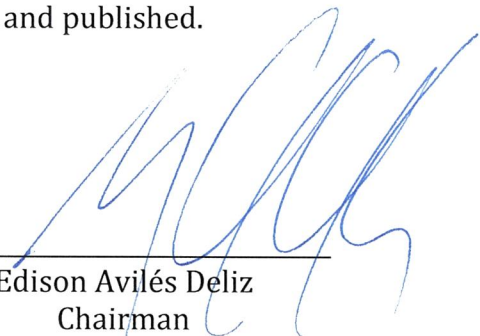

The Energy Bureau **WARNS** AES Ilumina that, in accordance with Art. 6.36 of Act 57-2014,² non-compliance with this Resolution and Order will carry the imposition of fines.
