RESOLUTION AND ORDER

On August 14, 2025, the Puerto Rico Energy Bureau of the Public Service Regulatory Board ("Energy Bureau"), issued a Resolution and Order ("August 14 Resolution"), through which it ordered LUMA¹ to submit, within fifteen (15) days, a detailed report regarding all projects associated with FEMA² pending reimbursements. In addition, the Energy Bureau ordered the Puerto Rico Electric Power Authority ("PREPA"), LUMA, and Genera PR, LLC ("Genera") to submit updated information regarding their use of ER1 Program³ funds administered by the Puerto Rico Department of Housing ("PRDOH") and to describe any challenges currently impacting the disbursement of the non-federal cost share or the timely execution of the ER1 Program, within the same timeframe.

On August 27, 2025, LUMA filed a document titled *Urgent Motion Requesting Extension of Time to Comply with Resolution and Order of August 14, 2025* ("August 27 Motion"). LUMA indicated that, given the complexity and number of personnel required to prepare the reports, it was unable to complete them by the Energy Bureau's deadline. LUMA requested until September 12, 2025 to comply with the August 14 Resolution.

The Energy Bureau **GRANTS** LUMA's petition for extension until **Friday, September 12, 2025** to submit the information requested through the August 14 Resolution.

The Energy Bureau **WARNS** LUMA that, in accordance with Article 6.36 of Act 57-2014:

- i. Noncompliance with this Resolution and Order, applicable regulations, or laws may carry the imposition of fines and administrative sanctions of up to one hundred twenty-five thousand dollars (\$25,000) per day; and
- ii. In the event of recurrent violations or continued non-compliance, the penalty shall increase to no less than fifteen thousand dollars (\$15,000) and up to two hundred fifty thousand dollars (\$250,000) per violation, at the discretion of the Energy Bureau.

Be it notified and published.
