1 Agreement with Sixth Participant*, filed by
LUMA Energy, LLC and LUMA Energy
ServCo, LLC.

RESOLUTION AND ORDER

On November 1, 2024, the Energy Bureau of the Puerto Rico Public Service Regulatory Board (“Energy Bureau”) issued a Resolution and Order approving four (4) draft ASAP Phase 1 Standard Offer Agreements (“SO1 Agreements”).

On December 20, 2024, and January 14, 2025, respectively, the Energy Bureau approved the final version of the (4) four referenced agreements, totaling 110MW of Battery Energy Storage Systems (“BESS”).

On August 8, 2025, the Energy Bureau approved a Fifth Participant’s draft version of the SO Agreement.

On September 10, 2025, LUMA Energy, LLC and LUMA Energy ServCo, LLC (referred to jointly as “LUMA”) filed a document titled *Request for Approval of Standard Offer Phase 1 Agreement with Sixth Participant* (“September 10 Motion”). Through the September 10 Motion, LUMA informed the Energy Bureau it had finalized the draft SO1 Agreement with a Sixth Participant, adding an expected 80MW of BESS. LUMA submitted a clean version of the draft SO1 Agreement (Exhibit 1-A) and a redline version showing changes against the approved standard agreement (Exhibit 1-B). LUMA requested the Energy Bureau’s review and approval of the Sixth Participant’s draft SO1 Agreement. LUMA further requested that the Energy Bureau grant confidential treatment to Exhibits 1-A and 1-B, arguing they contain critical energy infrastructure information and commercially sensitive information.

Upon review, the Energy Bureau **APPROVES** the Sixth Participant’s draft version of the SO Agreement, included as Exhibit 1-A to the September 10 Motion. LUMA referenced in the draft, that the Agreed Operating Procedures would be attached as Exhibit 8 to the contract. The Energy Bureau **REMINDS** LUMA to attach the referenced Agreed Operating Procedures (Appendices J and K), as approved by the Energy Bureau through a Resolution and Order issued on August 29, 2025.

The Energy Bureau **ORDERS** LUMA to, **within the next five (5) business days from the notification of this Resolution and Order**, (i) finalize the referenced contract; (ii) submit the final version of the contract before the Puerto Rico Electric Power Authority (“PREPA”) Board of Directors for its approval; and (iii) submit to the Energy Bureau evidence of the foregoing submittal (including copy of the contract).¹

The Energy Bureau **GRANTS** confidential treatment to Exhibit 1-A and 1-B, as requested by LUMA.

The Energy Bureau **WARNS** LUMA that failure to comply with this Resolution and Order, will result in the imposition of fines, under Art. 6.36 of Act 57-2014.²

¹ A clean and a redline version to reflect any minor modifications, if any, to the approved draft.

² Known as the *Puerto Rico Energy Transformation and RELIEF Act*, as amended (“Act 57-2014”).

Be it notified and published.
