PUERTO RICO ENERGY BUREAU

IN RE: REQUEST FOR CERTIFICATION
ELECTRIC POWER COMPANIES JIREH
SOLAR LLC

CASE NO: NEPR-CT-2024-0003

SUBJECT: Resolution and Order due to failure to submit the corresponding formation and documentation for its Request for Certification.

RESOLUTION AND ORDER

On June 11, 2024, Jireh Solar LLC (“Jireh”) submitted a *Request for Certification Electric Power Companies* (Form NEPR-B04) (“Request”) before the Energy Bureau of the Puerto Rico Public Service Regulatory Board (“Energy Bureau”).

After evaluating Jireh’s filing, the Energy Bureau determined that certain required information was not included, preventing the evaluation of specific aspects of the request. As such, on July 24, 2025, the Energy Bureau issued a Resolution and Order (“July 24 Resolution”) granting Jireh thirty (30) days to submit the pertinent documentation. Additionally, the Energy Bureau required Jireh to clarify whether it intended to request certification as a microgrid, within the same timeframe.

The deadline granted by the Energy Bureau expired on August 25, 2025. Jireh did not submit the requested information.

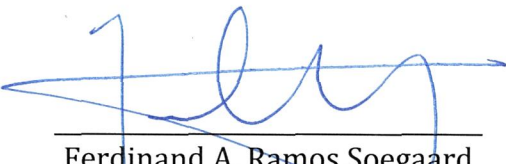

Consequently, on August 29, 2025, the Energy Bureau granted Jireh thirty (30) additional days to comply with the July 24 Resolution. The Energy Bureau warned Jireh that failure to provide the requested information would result in deeming the request for certification as not filed, in accordance with the applicable regulation.

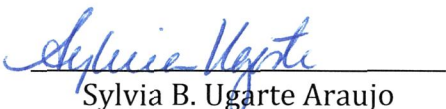

The second extension granted by the Energy Bureau expired on September 29, 2025. To date, Jireh has not submitted the requested information.

The Energy Bureau **GRANTS** Jireh a **final ten (10) day term**, from the notification of this Resolution and Order, to comply with the July 24 Resolution. The Energy Bureau **REITERATES** that failure to respond will result in deeming Jireh’s request for certification as not filed.

Be it notified and published.
