

**GOVERNMENT OF PUERTO RICO
PUBLIC SERVICE REGULATORY BOARD
PUERTO RICO ENERGY BUREAU**

IN RE: COMPETITIVE PROCUREMENT FOR
NEW GENERATION SOURCES

CASE NO.: NEPR-MI-2025-0001

SUBJECT: Requirement of Information

RESOLUTION AND ORDER

On March 19, 2025, the Energy Bureau of the Puerto Rico Public Service Regulatory Board ("Energy Bureau") issued a Resolution and Order in which it determined that: (i) given the pattern of forced outages of Puerto Rico Electric Power Authority ("PREPA") existing, aging, thermal generation fleet, the available generation capacity is extremely limited and may complicate needed maintenance and repairs to the existing fleet; (ii) there is a need to explore the costs and timeframe of availability of new, modern, generation sources that will allow Puerto Rico to reach the goals set in the new energy public policy and serve the electricity customers' best interests; and (iii) this procurement effort shall explore 2,500 to 3,000MW of new capacity ("March 19, Resolution").

Also, in the March 19 Resolution the Energy Bureau ordered PREPA to notify the Puerto Rico Public-Private Partnership Authority ("P3 Authority") about the Energy Bureau's determination regarding the establishment of a P3 Authority Request for Proposal ("P3 RFP") for new generation sources at any location in Puerto Rico for the P3 Authority to take the steps for the commencement of a competitive procurement process in alignment with the Energy Bureau's determination. On May 21, 2025, the Energy Bureau issued a Resolution clarifying that the procurement process mandated under March 19 Resolution should be open to all technologies as long as the relevant Generation Facilities can provide a firm supply of energy ("May 21 Resolution").

On October 17, 2025, the P3 Authority initiated the competitive procurement process for the New Flexible Generation Capacity project by issuing the Request for Qualifications, RFQ 2025-02 ("RFQ"), thereby commencing the qualifications phase for potential proponents.

Through the RFQ the prospective respondents had until October 30, 2025 to submit their Requests for Clarifications ("RFCs") with respect to the RFQ and the P3 Authority had until November 15, 2025, to issuance of response to RFCs.

In accordance with the foregoing, PREPA is **ORDERED** to provide the Energy Bureau, within five (5) days of the notification of this Resolution and Order, copies of the questions submitted by the prospective respondents. Likewise, it is **ORDERED** that once the P3 Authority provides the corresponding answers to the prospective respondents, PREPA shall submit them to the Energy Bureau within five (5) days of their notification to them.

The Energy Bureau **WARNS** PREPA that, in accordance Art. 6.36 of Act 57-2014:

- (i) noncompliance with this Resolution and Order, regulations and/or applicable laws may carry the imposition of fines and administrative sanctions of up to \$125,000 per day; and
- (ii) for any recurrence of non-compliance or violation, the established penalty shall increase to a fine of not less than ten thousand dollars (\$15,000) nor greater than twenty thousand dollars (\$250,000), at the discretion of the Energy Bureau.

Be it notified and published.

Associate Commissioner

Ferdinand A. Ramos Soegaard
Associate Commissioner

Sylvia B. Ugarte Araujo
Associate Commissioner

CERTIFICATION

I certify that the majority of the members of the Puerto Rico Energy Bureau has so agreed on November 13, 2025. Associate Commissioner Antonio Torres Miranda did not intervene. I also certify that on November 13, 2025 I proceeded with filing the Resolution and a copy was notified by electronic mail to alexis.rivera@prepa.pr.gov; nzayas@gmlex.net; mvalle@gmlex.net; rcruzfranqui@gmlex.net.

I sign this in San Juan, Puerto Rico, on November 13, 2025.

Sonia Seda Gaztambide
Clerk
