CASE NO.: NEPR-MI-2025-0005

SUBJECT: Reporting Directives and Information Requirement regarding procedure for the Procurement of Renewable Energy pursuant to the Governor's Executive Order OE-2025-047.

RESOLUTION AND ORDER

On September 22, 2025 the Governor of Puerto Rico, Hon. Jennifer A. González Colón, issued Executive Order OE-2025-047 ("Executive Order") which amended and expanded the Puerto Rico energy emergency and authorized extraordinary measures to accelerate the evaluation and approval of renewable energy and storage projects qualifying for federal investment tax credits ("ITCs") under Public Law 119-21, also known as the One Big Beautiful Bill Act ("OBBA"). On September 26, 2025, the Energy Bureau of the Puerto Rico Public Service Regulatory Board ("Energy Bureau") issued a Resolution and Order ("September 26 Resolution") through which it provided the Puerto Rico Electric Power Authority ("PREPA") with guidelines for the implementation of the accelerated acquisition of renewable resources in accordance with Executive Order.

Following several procedural steps, on November 13, 2025, PREPA submitted to the Energy Bureau a filing titled *Moción en Cumplimiento de Resolución y Orden de 26 de septiembre de 2025 y Memorando en Apoyo a Solicitud de Confidencialidad* ("November 13 Motion"), in which PREPA states that it has complied with the requirements established in the September 26 Resolution. Through this motion, PREPA submitted a document titled *Evaluation Report – Request for Proposal (RFP) Power Advocate Event 237366*, identified as *Anejo 1*, which contains PREPA's analysis of the proposals received and its resulting recommendations. PREPA also includes Attachments A–H to Anejo 1, which consist of PREPA's individual evaluation summaries for each proposal, with the proponent names redacted in accordance with the Energy Bureau's directives.

The Energy Bureau hereby **ORDERS** PREPA submit, no later than **Friday, December 5, 2025**, all documentation generated, received, transmitted, or relied upon as part of the accelerated acquisition of renewable resources process conducted pursuant to the Executive Order and the September 26 Resolution. The required production shall include, without limitation: all communications, notifications, or correspondence issued by PREPA or received by PREPA from any proponent; all proposals submitted by proponents; and all materials or communications related to PREPA's evaluation and review of such proposals.

The Energy Bureau **WARNS** PREPA that failure to comply with this Resolution and Order will result in the imposition of fines under Section 6.36 of Act 57-2014.

Be it notified and published.
