FAJARDO, LLC

CASE NO.: CEPR-CT-2016-0021

SUBJECT: Resolution and Order regarding
Landfill Gas Technologies of Fajardo, LLC,
February 25 Motion requesting time
extension.

RESOLUTION AND ORDER

On February 25, 2026, LANDFILL GAS TECHNOLOGIES OF FAJARDO, LLC, (“Landfill Gas”) filed before the Energy Bureau of the Puerto Rico Public Service Regulatory Board (“Energy Bureau”) a Motion (“February 25 Motion”) submitting: (i) *Operational Report Electric Power Companies* (Form NEPR-B03) for 2025; (ii) evidence of payment of filing fee for Form NEPR-B03; and (iii) *Gross Revenue and Financial Statements Report Electric Power Companies* (Form NEPR-B05). In the Motion Landfill Gas reported that it was in the process of obtaining its compiled financial statements for 2025 and requested an extension of twenty (20) days to complete the annex of Form NEPR-B03 reporting the information on the outages of its power generation system for its system in Fajardo and in Toa Baja.

Act 57-2014¹ requires that every Electric Service Company² obtain a certification³ to provide electric services in Puerto Rico, besides presenting specific information under the requirements established by the Energy Bureau. Regulation 8701⁴ establishes the requirements that any electric service company must comply with providing electric services in Puerto Rico.

Section 2.02(A) of Regulation 8701 requires that electric service companies who generate electric power through the use of fossil fuels or renewable energy sources with an aggregate capacity that is equal to or less than one hundred megawatts (100 MW) must file an operational report on a yearly basis.

Upon reviewing its February 25 Motion and the enclosed documents, the Energy Bureau **TAKES NOTICE** of the enclosed Form NEPR-B03, Form NEPR-B05, its annexes and evidence of filing fee for Form NEPR-B03, and the status of financial statements for 2025, and **GRANTS** the extension request. Therefore, the Energy Bureau **ORDERS** Landfill Gas to, **within twenty (20) days** from the notification date of this Resolution and Order, submit as annex of Form NEPR-B03 the information on outages of its power generation system.

The Energy Bureau **WARNS** Landfill Gas that non-compliance with this Resolution and Order may result in the imposition of fines under Art. 6.36 of Act 57-2014.⁵
