INFORMATIVE MOTION AND REQUEST FOR LIMITED EXTENSION OF TIME

TO THE HONORABLE ENERGY BUREAU:

COMES NOW, the undersigned counsel, on behalf of an interested proponent (“Interested Proponent”) in the above-captioned proceeding, and hereby respectfully states, alleges, and prays, as follows:

1. On March 3, 2026, the Energy Bureau of the Puerto Rico Public Service Regulatory Board (“Energy Bureau”) issued a Resolution and Order (“March 3 Order”) directing the Interested Proponent¹ and the Puerto Rico Electric Power Authority (“PREPA”) to “*meet within three (3) days to address the proponent’s revisions and potentially resolve pending contractual matters*” and to “*submit the resulting agreement for the Energy Bureau’s review immediately thereafter and/or within the referenced timeframe.*”

2. The Interested Proponent hereby informs that, on March 5, 2026, at 9:30 AM, it met with PREPA pursuant to the March 3 Order to discuss the Interested Proponent’s revisions to the Purchase and Operation Agreement (“PPOA”) and Energy Storage Services Agreement (“ESSA”) forms and the pending contractual matters.

3. Following such meeting, at 3:23 PM, PREPA notified the Interested Proponent of its response to the Interested Proponent’s revisions to the contract forms. At 6:11 PM, the Interested Proponent responded with a request that PREPA propose alternative language for a single, remaining open item, given its rejection of two previous suggestions by the Interested Proponent, to advance the contract negotiations.

4. The Interested Proponent remains fully committed to engaging constructively and in good faith with PREPA to resolve the pending contractual matters.

5. In view of the foregoing, the Interested Proponent respectfully requests that the Energy Bureau grant limited additional period (until end of business on Tuesday, March 10, 2026) to allow the parties to resolve the remaining contractual matters, as may be agreed upon between them.

WHEREFORE, the undersigned counsel, on behalf of the Interested Proponent, respectfully requests that the Energy Bureau take notice of the foregoing, grant the requested relief, and any other relief deemed just and proper.

RESPECTFULLY SUBMITTED

In San Juan, Puerto Rico, on March 5, 2026.

¹ Identified therein as “Proponent 3.”
