Case No.: NEPR-AP-2023-0003

SUBJECT: Motion Submitting Final
Evidentiary Hearing Transcripts

MOTION SUBMITTING FINAL EVIDENTIARY HEARING TRANSCRIPTS

TO THE HONORABLE PUERTO RICO ENERGY BUREAU, AND ITS HEARING EXAMINER, MR. SCOTT HEMPLING:

COME NOW LUMA Energy, LLC and LUMA Energy ServCo, LLC, (jointly referred to as “LUMA”), and respectfully state and request the following:

1. Following the conclusion of a six-week long evidentiary hearing held in the captioned proceeding from November 12, 2025 through December 19, 2025, the Hearing Examiner issued an *Order on Exhibits, Miscellaneous Post-Hearing Matters, and Legal Issues*, on December 22, 2025 (“December 22nd Order”).

2. In the December 22nd Order, the Hearing Examiner directed that the parties – not the Puerto Rico Energy Bureau (“Energy Bureau”) – manage the production and distribution of hearing transcripts. The Hearing Examiner set March 27, 2026 as the deadline for the joint submission of transcript corrections and ordered LUMA’s counsel to organize a process by which parties exchanged and discussed proposed corrections, culminating in a single joint submission. The December 22nd Order further mandated that corrections be confined to transcriber error and that any disagreements be stated in a single appendix showing the page, line number, and specific substance of each disagreement.

3. In compliance with the December 22nd Order, LUMA’s counsel organized the aforementioned transcript correction process, and the parties have collaboratively worked toward

full compliance with the Hearing Examiner’s directives. As part of this process, LUMA circulated proposed corrections on a rolling basis, covering each day of the evidentiary hearings, and the parties and intervenors exchanged comments, proposed modifications, and reached agreement on the corrections to be submitted.

4. On March 27, 2026, LUMA timely filed a *Joint Submission of Proposed Transcript Corrections and Notice Regarding Finalization Timeline*, containing all of the parties’ jointly proposed corrections. The filing noted that the court reporter, Bonard, had advised that due to availability constraints it was unable to review and incorporate the parties’ proposed corrections into the official transcripts until approximately April 30, 2026. LUMA represented that it would ensure the finalized transcripts were filed with the Energy Bureau promptly upon receipt from Bonard.

5. On April 6, 2026, the Hearing Examiner issued an *Order Adopting Proposed Transcript Corrections* (“April 6th Order”), in which the Hearing Examiner adopted the corrected transcripts as the official transcripts for the evidentiary hearings that took place from November 12, 2025 through December 19, 2025.

6. Having now received the finalized transcripts from Bonard, LUMA hereby submits them to the Energy Bureau in fulfillment of its representation in the March 27, 2026 filing and in compliance with the Hearing Examiner’s directives. *See Exhibit A*. The finalized transcripts incorporate the jointly proposed corrections adopted by the Hearing Examiner in the April 6th Order and reflect Bonard’s own review.

7. LUMA respectfully requests that the Energy Bureau accept the finalized transcripts filed herewith as the official transcripts of the captioned proceeding’s evidentiary hearings held

from November 12, 2025 through December 19, 2025, consistent with the Hearing Examiner's April 6th Order adopting the corrected transcripts as official.

WHEREFORE, LUMA respectfully requests that the Honorable Energy Bureau **accept** the finalized evidentiary hearing transcripts submitted herewith as the official transcripts for the evidentiary hearings conducted from November 12, 2025 through December 19, 2025, in accordance with the Hearing Examiner's Orders of December 22, 2025 and April 6, 2026.

RESPECTFULLY SUBMITTED.

In San Juan, Puerto Rico, this 30th day of April, 2026.
