Repairs Report for March 2023. LUMA also included a request for the Energy Bureau to reduce the frequency for submitting the Streetlight Repairs Report from monthly to quarterly to allow said reports to be more closely aligned with the frequency for reconciliation and calculation of the factor for the SUBA-HH rider and other progress reports that LUMA provides to the Energy Bureau quarterly. On August 18, 2023, LUMA filed a *Motion Reiterating Request to Modify the Cadence of the Report on Streetlight Repairs* ("August 18th Motion"), whereby LUMA reiterated its request for this Honorable Energy Bureau to modify the frequency of the Streetlights Repair Report from monthly to quarterly.

<sup>3</sup> See Section VIII, paragraph 3 of the Energy Bureau's Resolution and Order in the instant proceeding entered on June 28, 2020.
