CASE NO.: NEPR-MI-2019-0016

SUBJECT: LUMA's Motion to Withdraw and Substitute May 15, 2026 Filing

MOTION TO WITHDRAW AND SUBSTITUTE FILING

TO THE PUERTO RICO ENERGY BUREAU:

COME NOW, **LUMA ENERGY, LLC** as Management Co., and **LUMA ENERGY SERVCO, LLC** (collectively, "LUMA"), through the respective undersigned legal counsel and respectfully state and submit the following:

I. Introduction

Pursuant to the directives of the Puerto Rico Energy Bureau ("Energy Bureau" or "Bureau"), LUMA respectfully submits this motion requesting that the Energy Bureau withdraw from the record LUMA's Motion Submitting Interconnections Progress Report for January–March 2026 and Requesting Updated Compliance Schedule, filed on May 15, 2026 (the "May 15 Filing"), and that it be entirely substituted by LUMA's Motion Submitting Interconnections Progress Report for January–March 2026 and Requesting Updated Compliance Schedule, filed on this date, May 20, 2026 (the "May 20 Filing"), which has been submitted minutes before the present motion.

II. Basis for Withdrawal and Substitution

1. On May 15, 2026, LUMA filed the May 15 Filing, which included the Interconnections Progress Report for the quarter of January through March 2026 and accompanying exhibits, as

well as a request for an updated compliance schedule for the 2026 Interconnection Progress Reports.

2. Upon further review, LUMA identified the need to revise the May 15 Filing to ensure the accuracy and completeness of the information submitted to the Energy Bureau.

3. On May 20, 2026, LUMA filed the May 20 Filing, which completely supersedes the May 15 Filing in its entirety, including the motion itself and all exhibits and data files submitted therewith. The May 20 Filing contains the corrected and updated versions of the reports that had been previously submitted.

4. To avoid any confusion in the record and to ensure that the Energy Bureau, the parties, and the public rely solely on the most accurate and current information, LUMA respectfully requests that the May 15 Filing be removed from the record in its entirety and replaced by the May 20 Filing.

III. Conclusion

WHEREFORE, LUMA respectfully requests that the Energy Bureau

- Take notice of the foregoing;
- Withdraw and remove from the record the May 15 Filing, including all exhibits and attachments submitted therewith;
- Deem the May 20 Filing as the complete and sole substitute for the May 15 Filing, superseding it in its entirety; and
- Grant any further relief that the Energy Bureau deems just and proper.

RESPECTFULLY SUBMITTED.
