PUERTO RICO ENERGY BUREAU**

IN RE: IMPLEMENTATION OF 2026's
APPROVED PERMANENT RATE

CASE NO.: NEPR-MI-2026-0005

SUBJECT: Clarification regarding Cable TV Power
Supplies Fiscal Years 2027 and 2028 Rates.

RESOLUTION AND ORDER

On April 15, 2026, the Puerto Rico Energy Bureau of the Public Service Regulatory Board ("Energy Bureau") issued a Final Resolution and Order on Electricity Rates ("Final Rate Order") in the matter of *In Re: Puerto Rico Electric Power Authority Rate Review*, Case No. NEPR-AP-2023-0003.

Implementing the Final Rate Order will require multiple subsequent actions and administrative measures. Considering the foregoing, the Energy Bureau DEEMS it appropriate and necessary to open the instant docket for such purposes, including, but not limited to, the periodic reconciliation filings required after July 1, 2026.

On May 22, 2026, LUMA Energy, LLC ("ManagementCo") and LUMA Energy ServCo, LLC ("ServCo") (collectively, "LUMA") filed a document titled *Urgent Request for Clarification Regarding New CATV Rates* ("May 22 Motion"). In the May 22 Motion, LUMA seeks clarification regarding certain discrepancies identified in the Cable TV Power Supplies rates for Fiscal Years 2027 and 2028 to facilitate the timely implementation of the new CATV rates, rather than reconsideration of the new CATV rates established in the Final Rate Order.¹

Upon review of the May 22 Motion, the Energy Bureau hereby **CLARIFIES** that, for purposes of implementing the Final Rate Order, LUMA shall apply the CATV rates set forth in **Attachment A** to this Resolution and Order. This Resolution and Order is issued solely for clarification purposes and shall not be interpreted as constituting reconsideration, amendment, modification, or any substantive change to the Final Rate Order.

The Energy Bureau **WARNS** LUMA that noncompliance with this Resolution and Order, may carry the imposition of fines and administrative sanctions under Art. 6.36 of Act 57-2014.

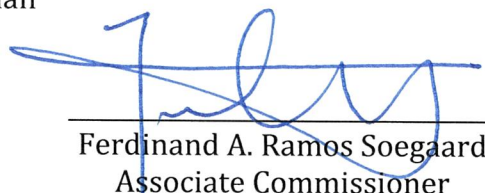

Be it notified and published.
