**MOTION TO SUBMIT INTO THE RECORD PRESENTATION DELIVERED AT
THE JUNE 9, 2026 TECHNICAL WORKSHOP**

TO THE HONORABLE PUERTO RICO ENERGY BUREAU:

COME NOW, LUMA ENERGY, LLC as Management Co., and **LUMA ENERGY SERVCO, LLC** (collectively, "LUMA"), through the respective undersigned legal counsel and respectfully state and submit the following:

1. On April 10, 2026, the Puerto Rico Energy Bureau (the "Energy Bureau") issued and notified a *Resolution* (the "April 10 Resolution") reinitiating a proceeding to establish the regulatory framework that will guide the development of regulations for community solar projects. The Resolution invited comments and feedback in response to the questions set forth in Attachment A. The Bureau also welcomed additional information and requests for clarification, as appropriate.

2. After several procedural events, on May 6, 2026, the Energy Bureau issued and notified a *Resolution and Order* (the "May 6 Order") establishing a schedule for a workshop to be held on June 9, 2026 and directing LUMA to respond to the original guidance questions included in the April 10 Resolution. In addition, the May 6 Order required LUMA to deliver a presentation during the workshop.

3. In compliance with the May 6 Order, on May 29, 2026, LUMA filed a motion titled *Motion to Submit Responses to the April 10, 2026 Questions* (the “May 29 Motion”), through which LUMA provided comprehensive responses to all questions set forth in the April 10 Resolution.

4. On June 9, 2026, LUMA appeared in person at the technical workshop convened by the Energy Bureau (the “Workshop”). During the Workshop, LUMA delivered a presentation that summarized the responses provided in the May 29 Motion and further elaborated on certain topics addressed therein. *See Annex A.*

5. At the conclusion of the Workshop, the Energy Bureau directed participants to submit their respective presentations for inclusion in the administrative record of this proceeding.

WHEREFORE, LUMA respectfully submits, for inclusion in the record, the presentation delivered during the June 9, 2026 Workshop.

RESPECTFULLY SUBMITTED.
